

Original thickness simulation result: its SD is 24.3289672345131

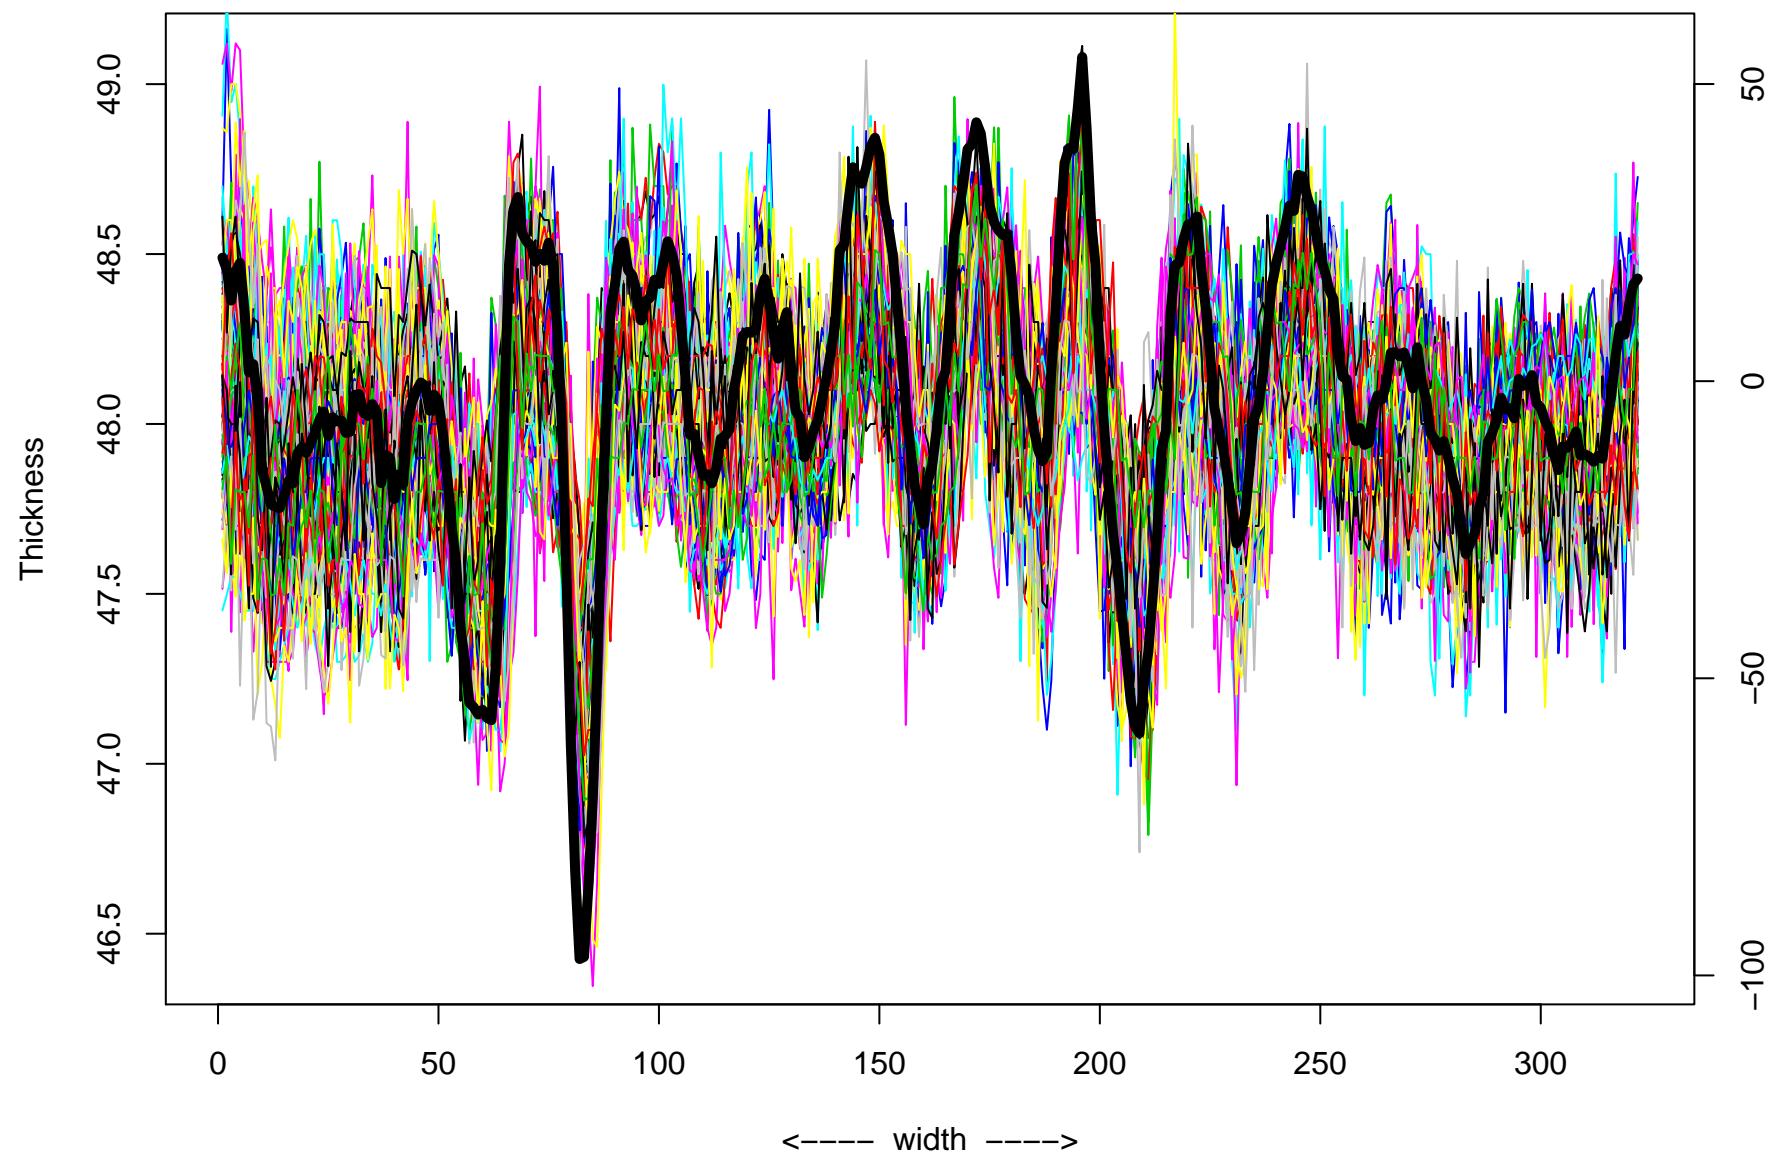

Oscillated thickness simulation result: oscWidth 10 and its SD is 24.3891550472782

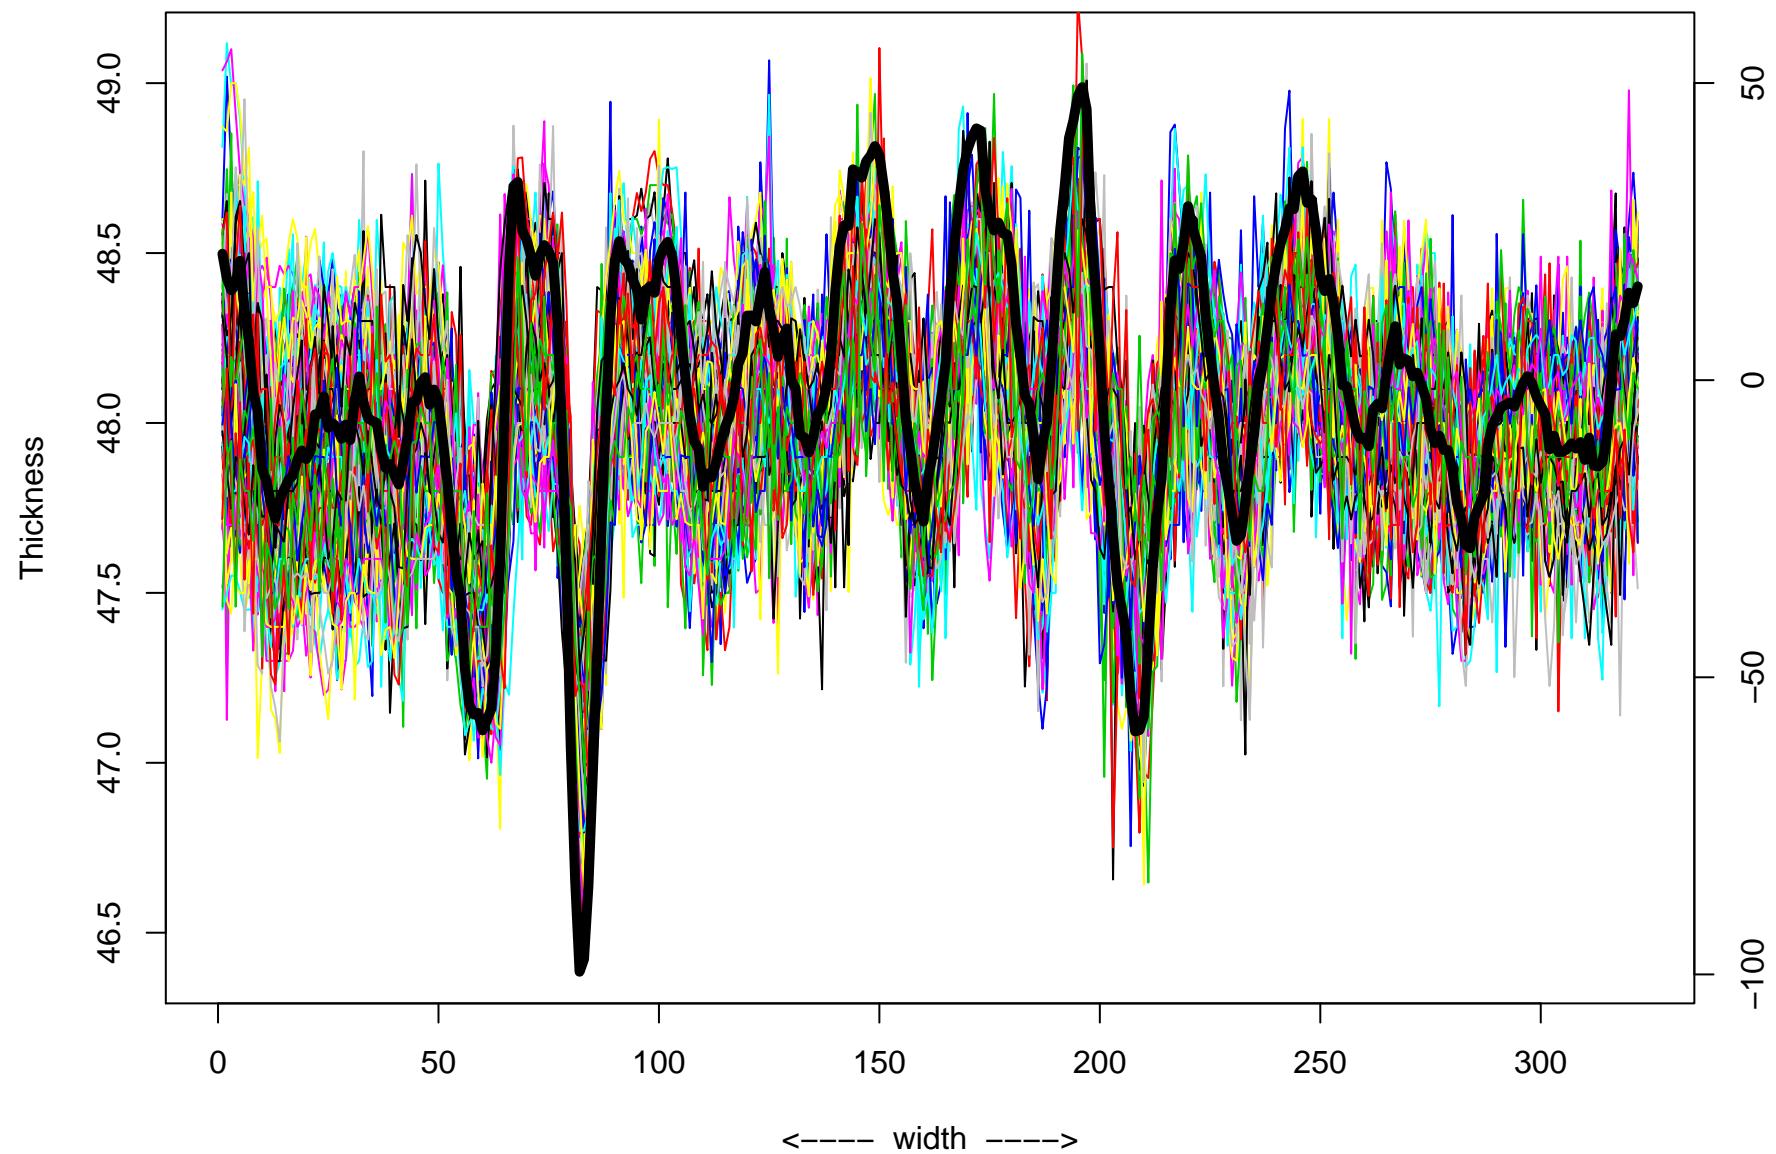

Oscillated thickness simulation result: oscWidth 20 and its SD is 24.5343147229233

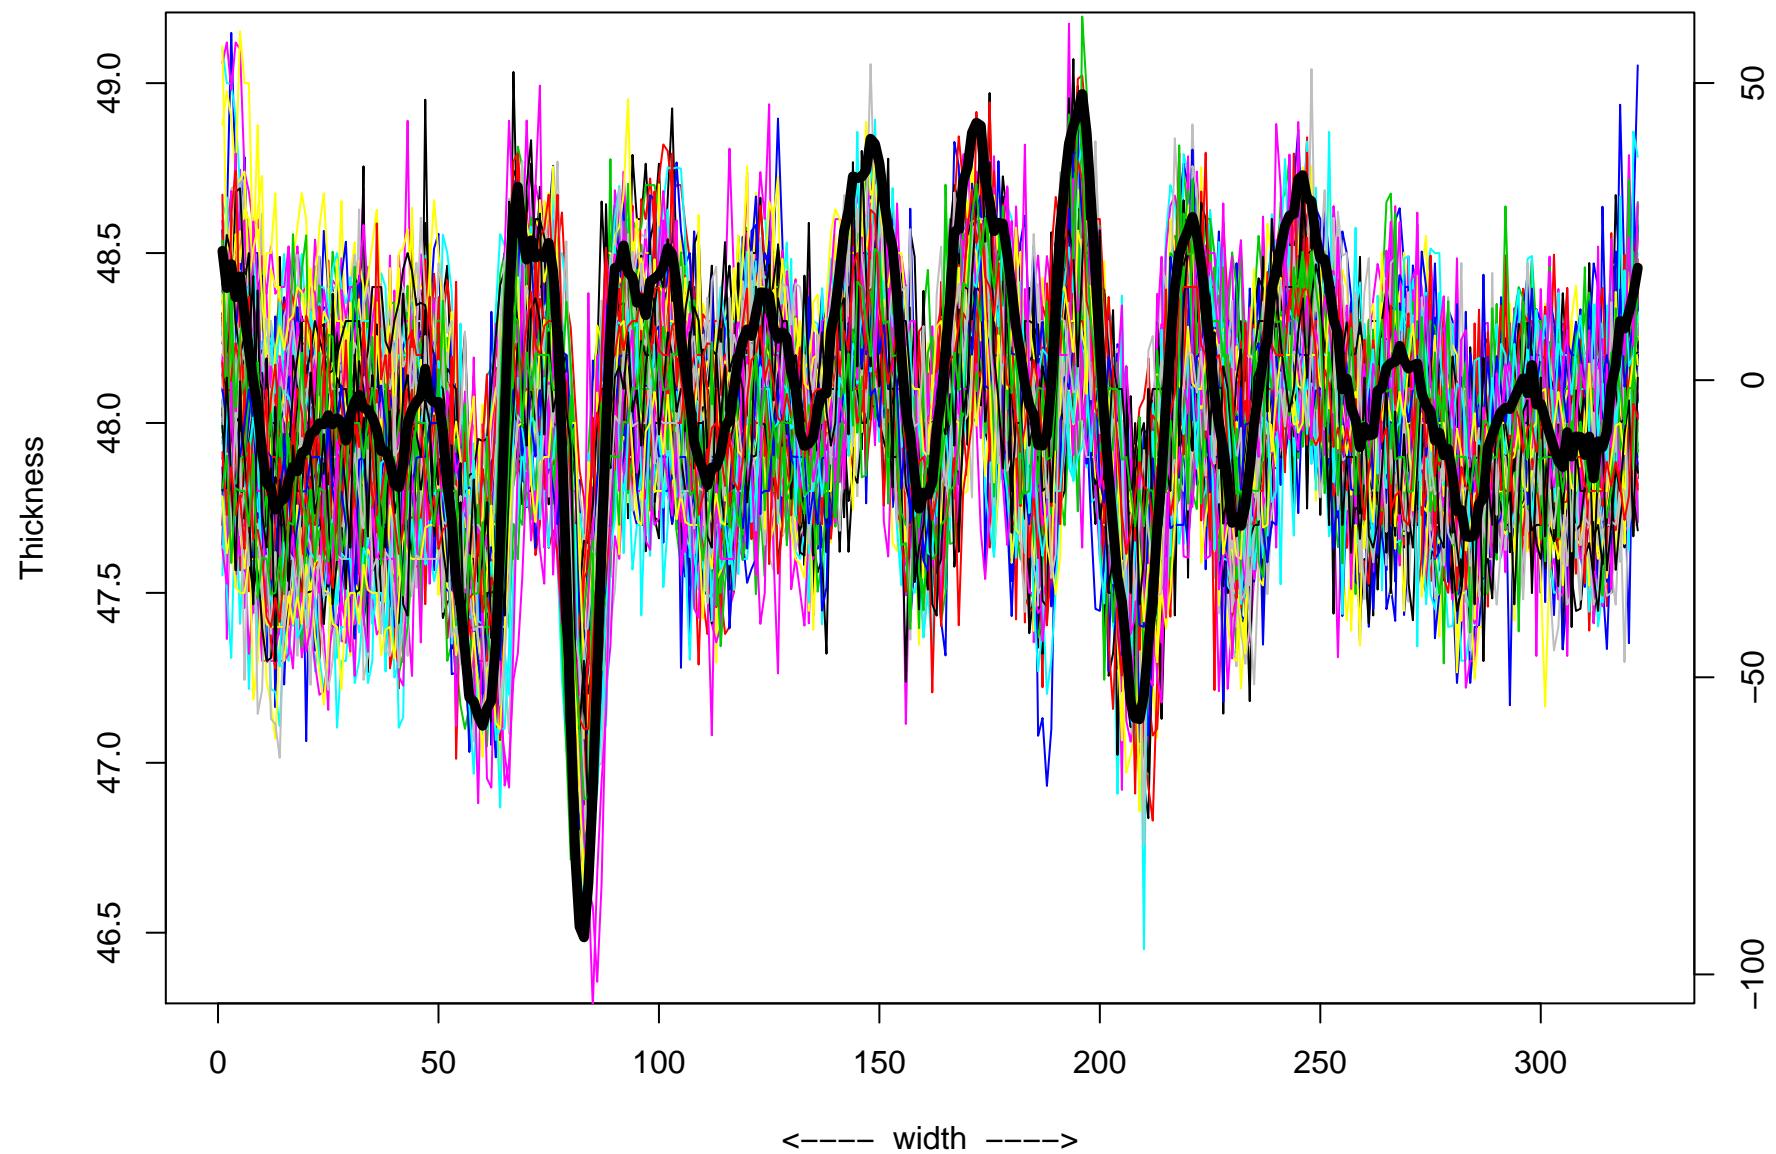

Oscillated thickness simulation result: oscWidth 30 and its SD is 24.1292915412118

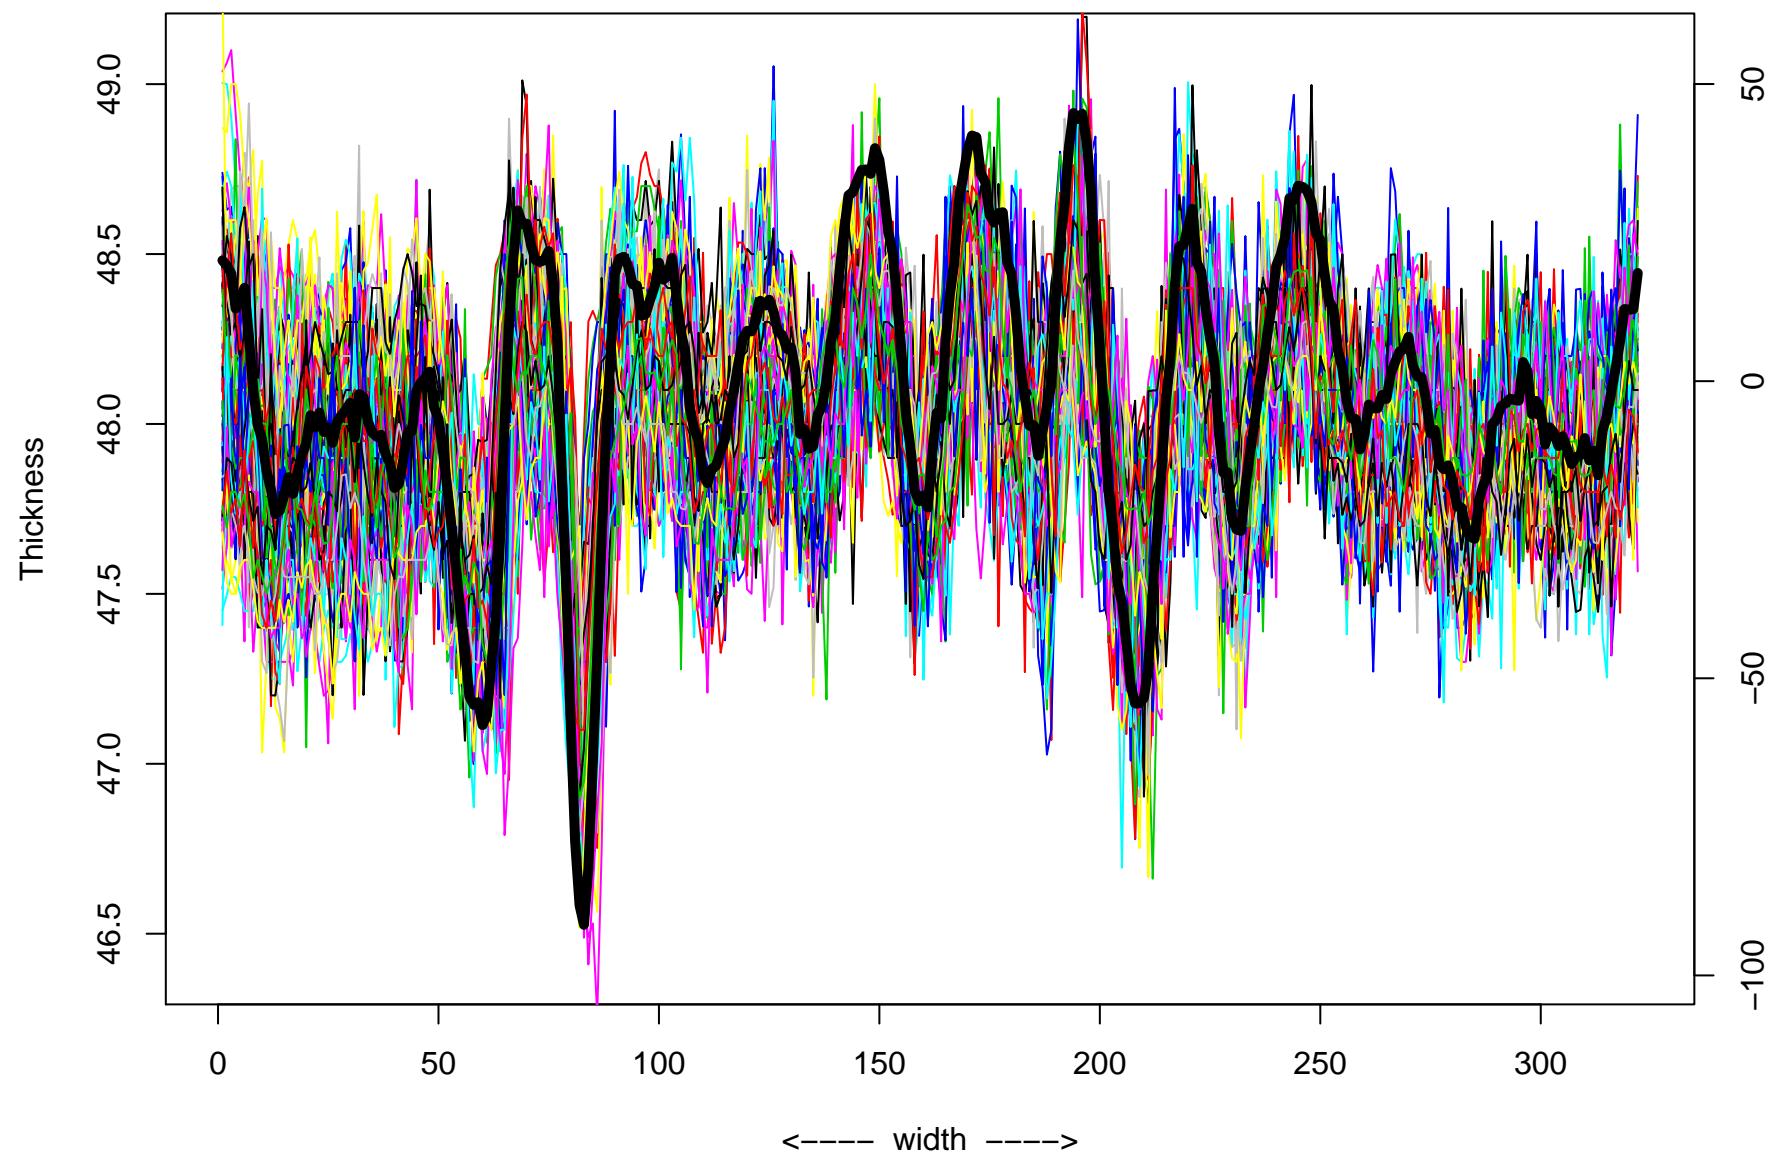

Oscillated thickness simulation result: oscWidth 40 and its SD is 24.1182155991274

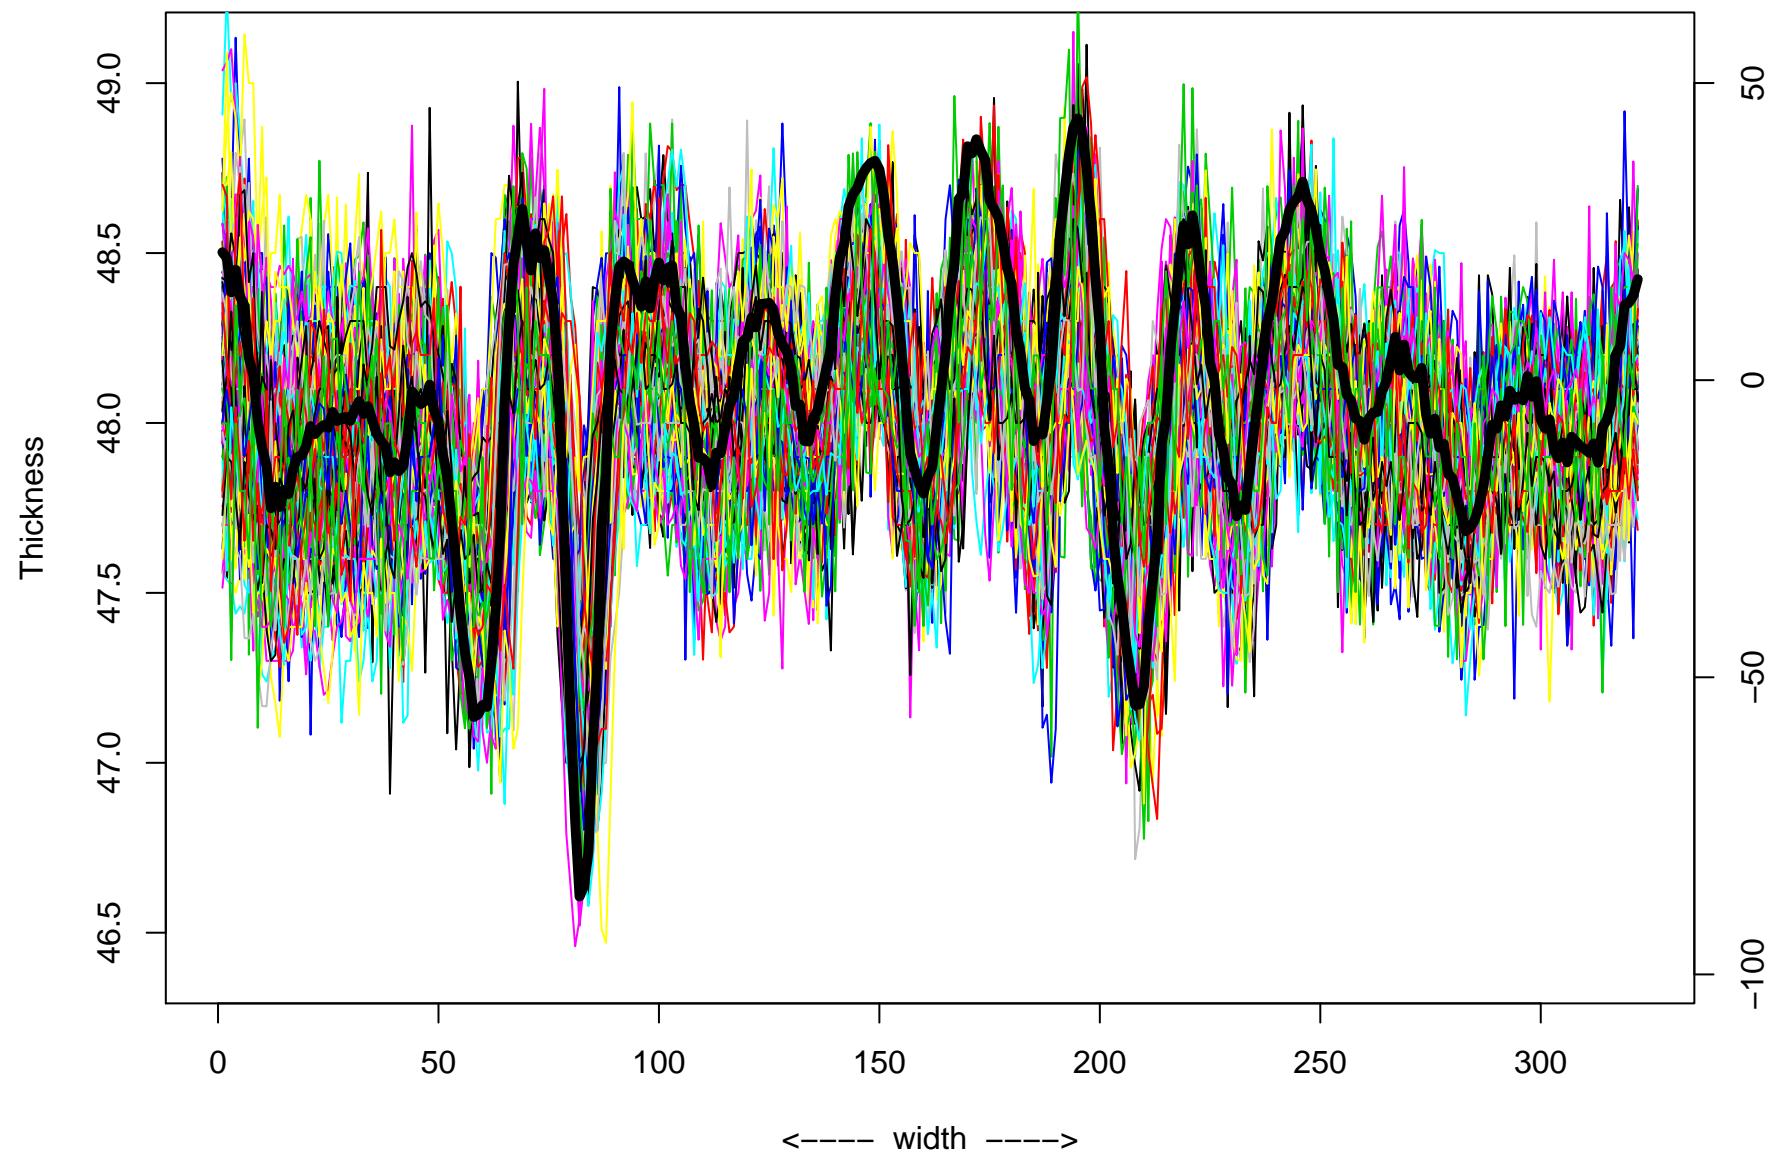

Oscillated thickness simulation result: oscWidth 50 and its SD is 23.6383900638572

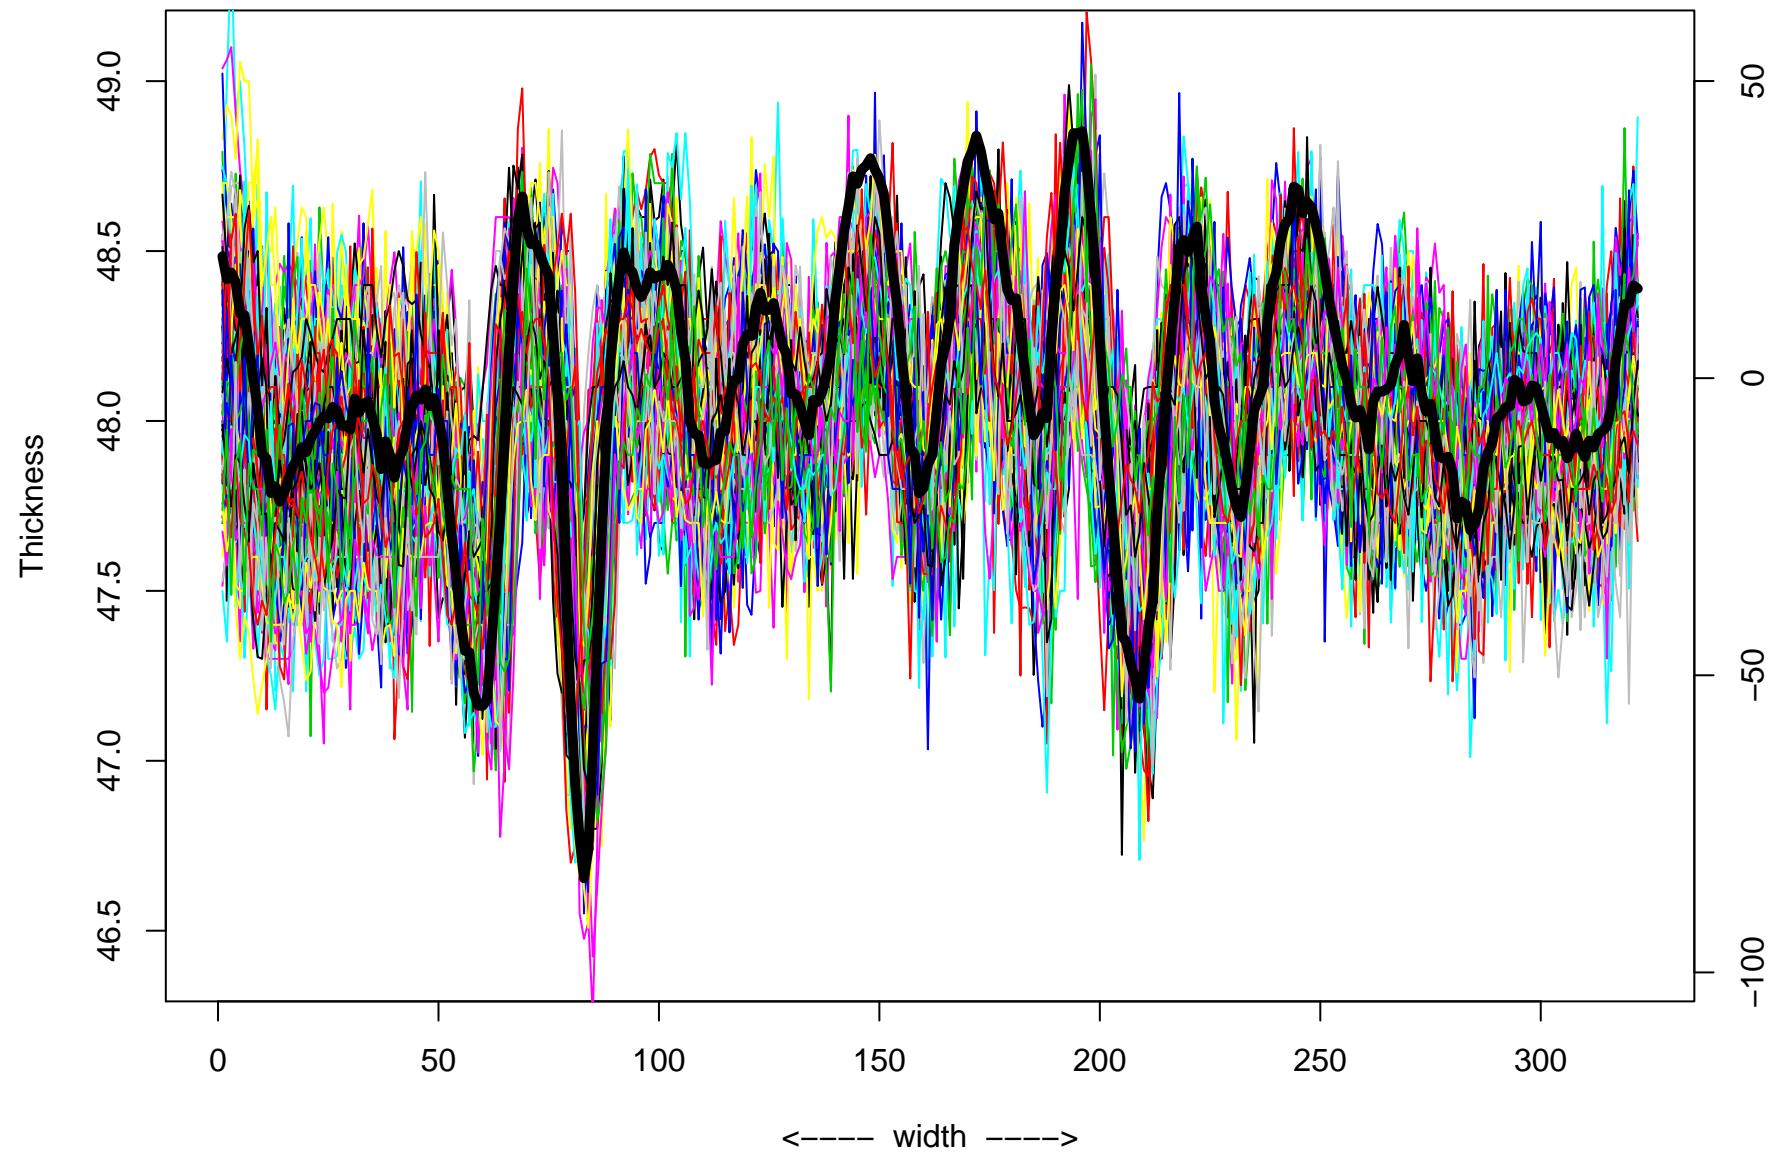

Oscillated thickness simulation result: oscWidth 60 and its SD is 23.2081933523055

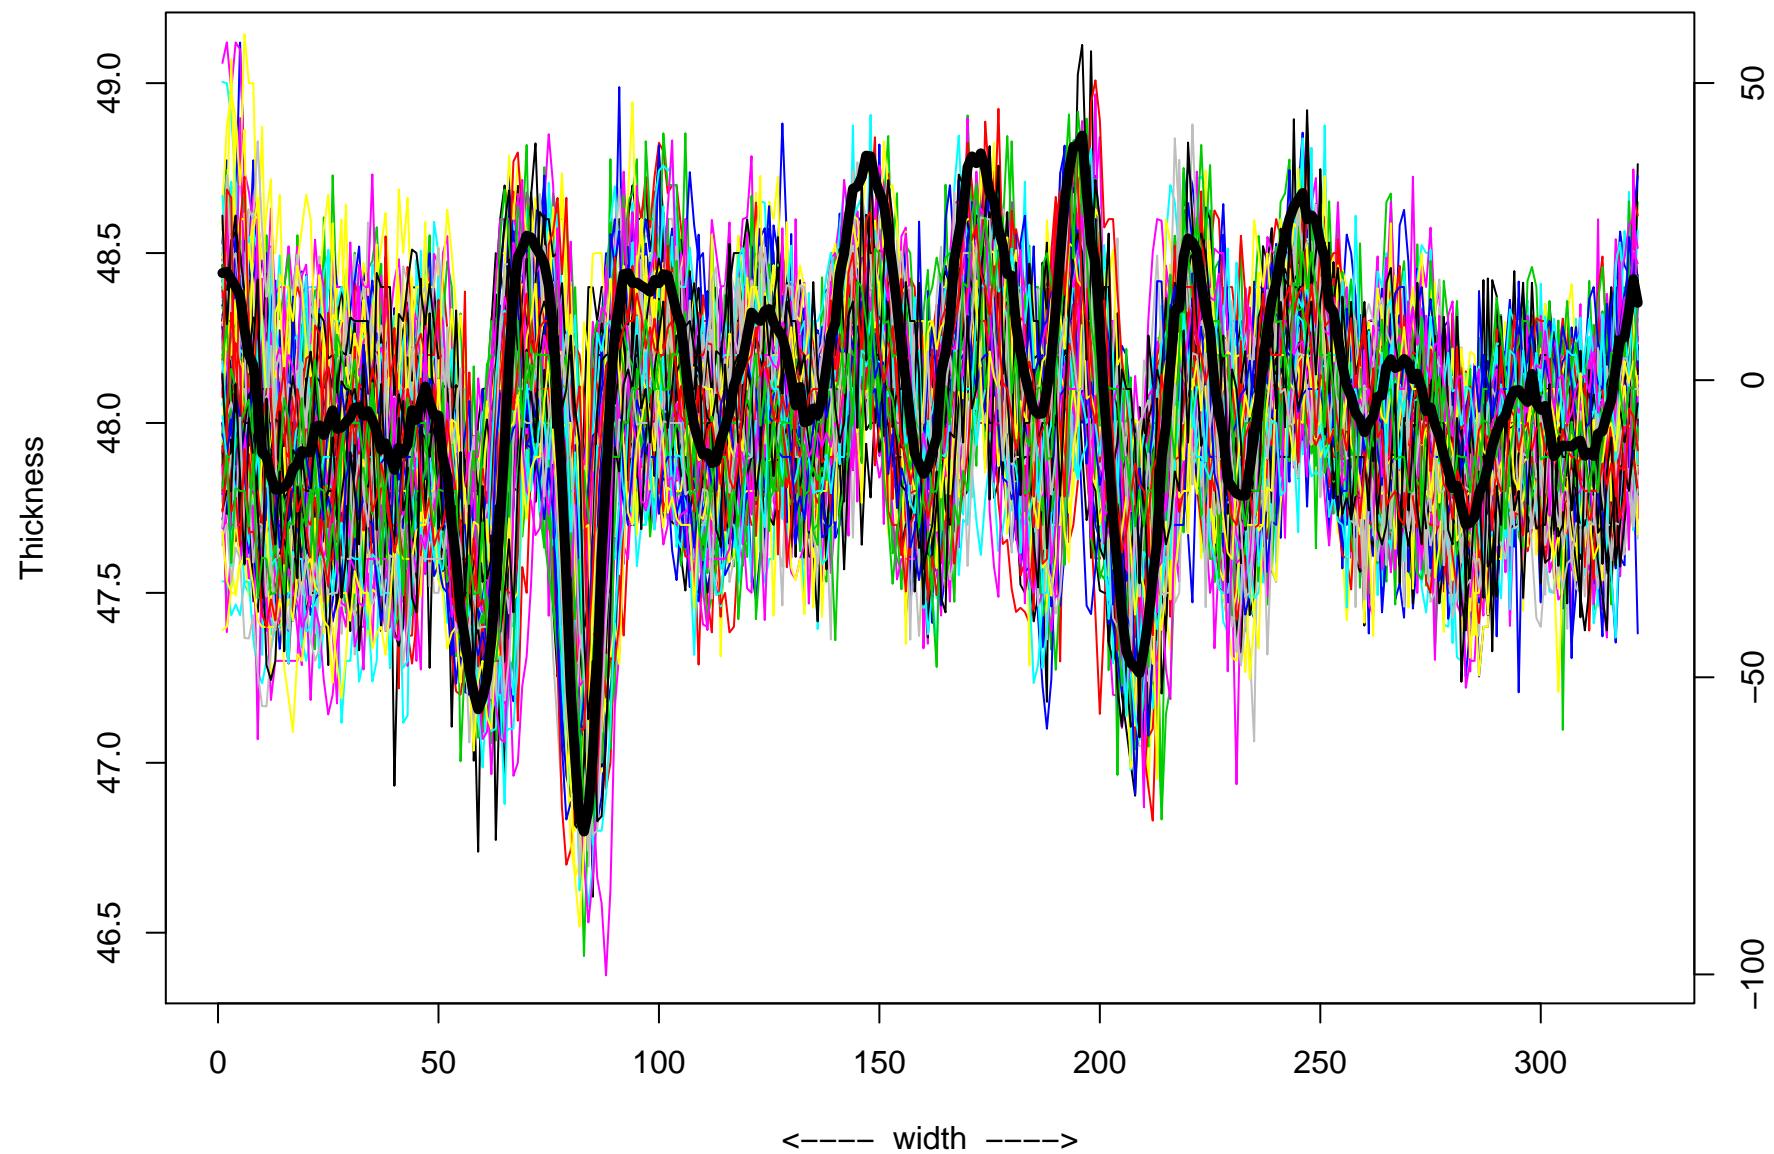

Oscillated thickness simulation result: oscWidth 70 and its SD is 22.6064040087774

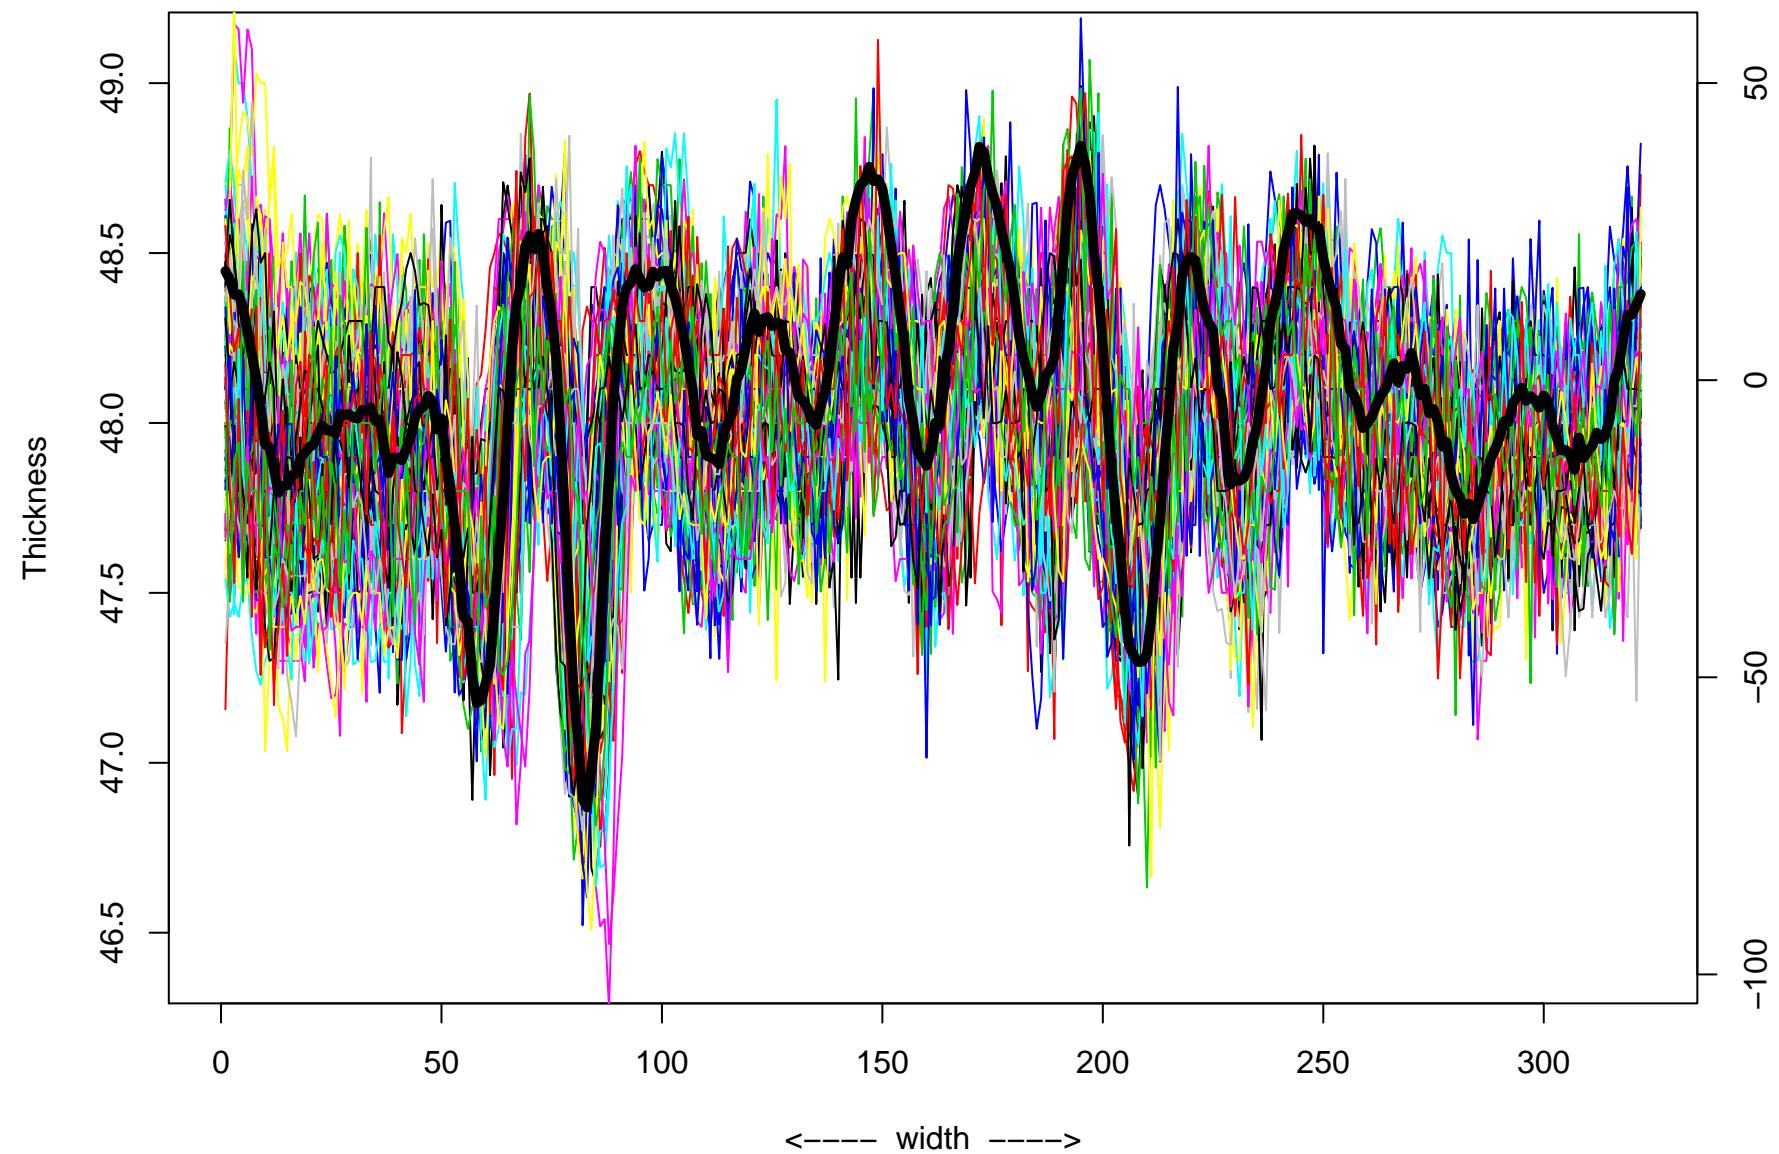

Oscillated thickness simulation result: oscWidth 80 and its SD is 22.0861316100648

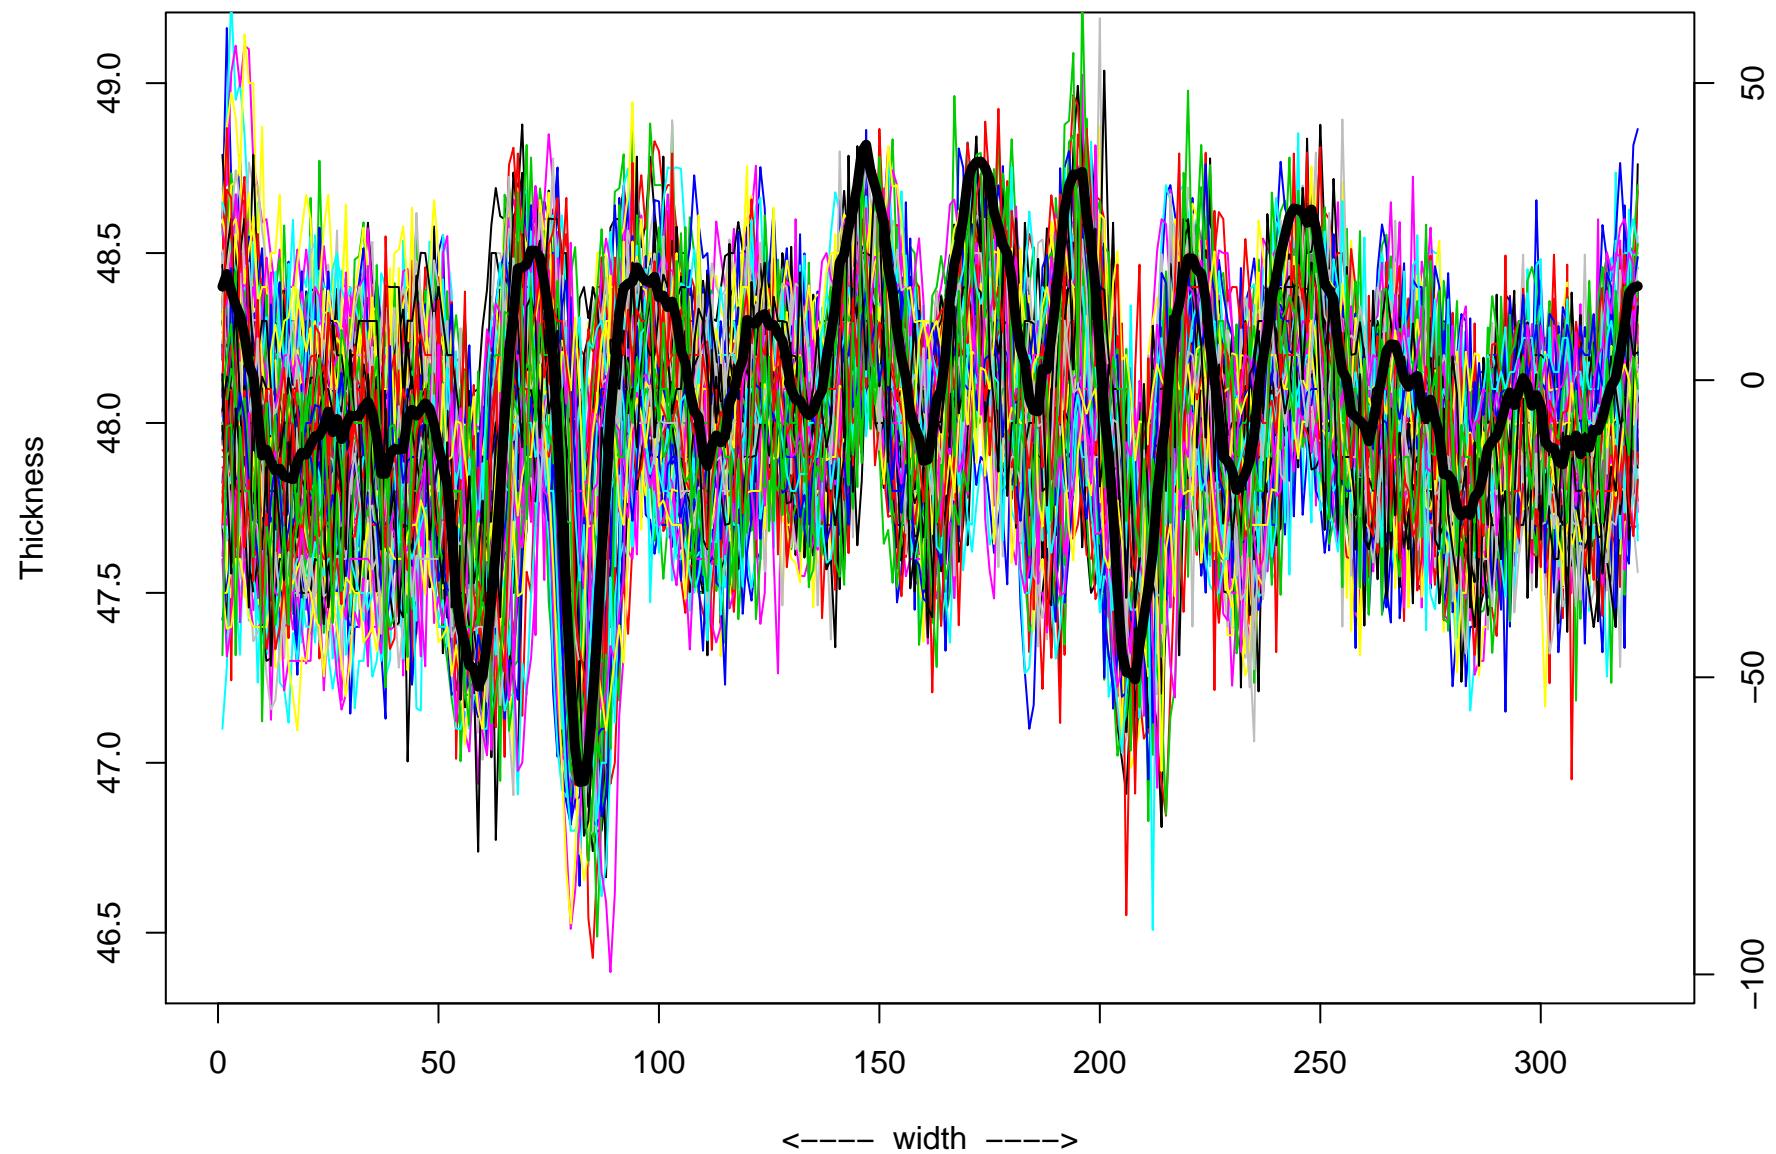

Oscillated thickness simulation result: oscWidth 90 and its SD is 21.2112946721461

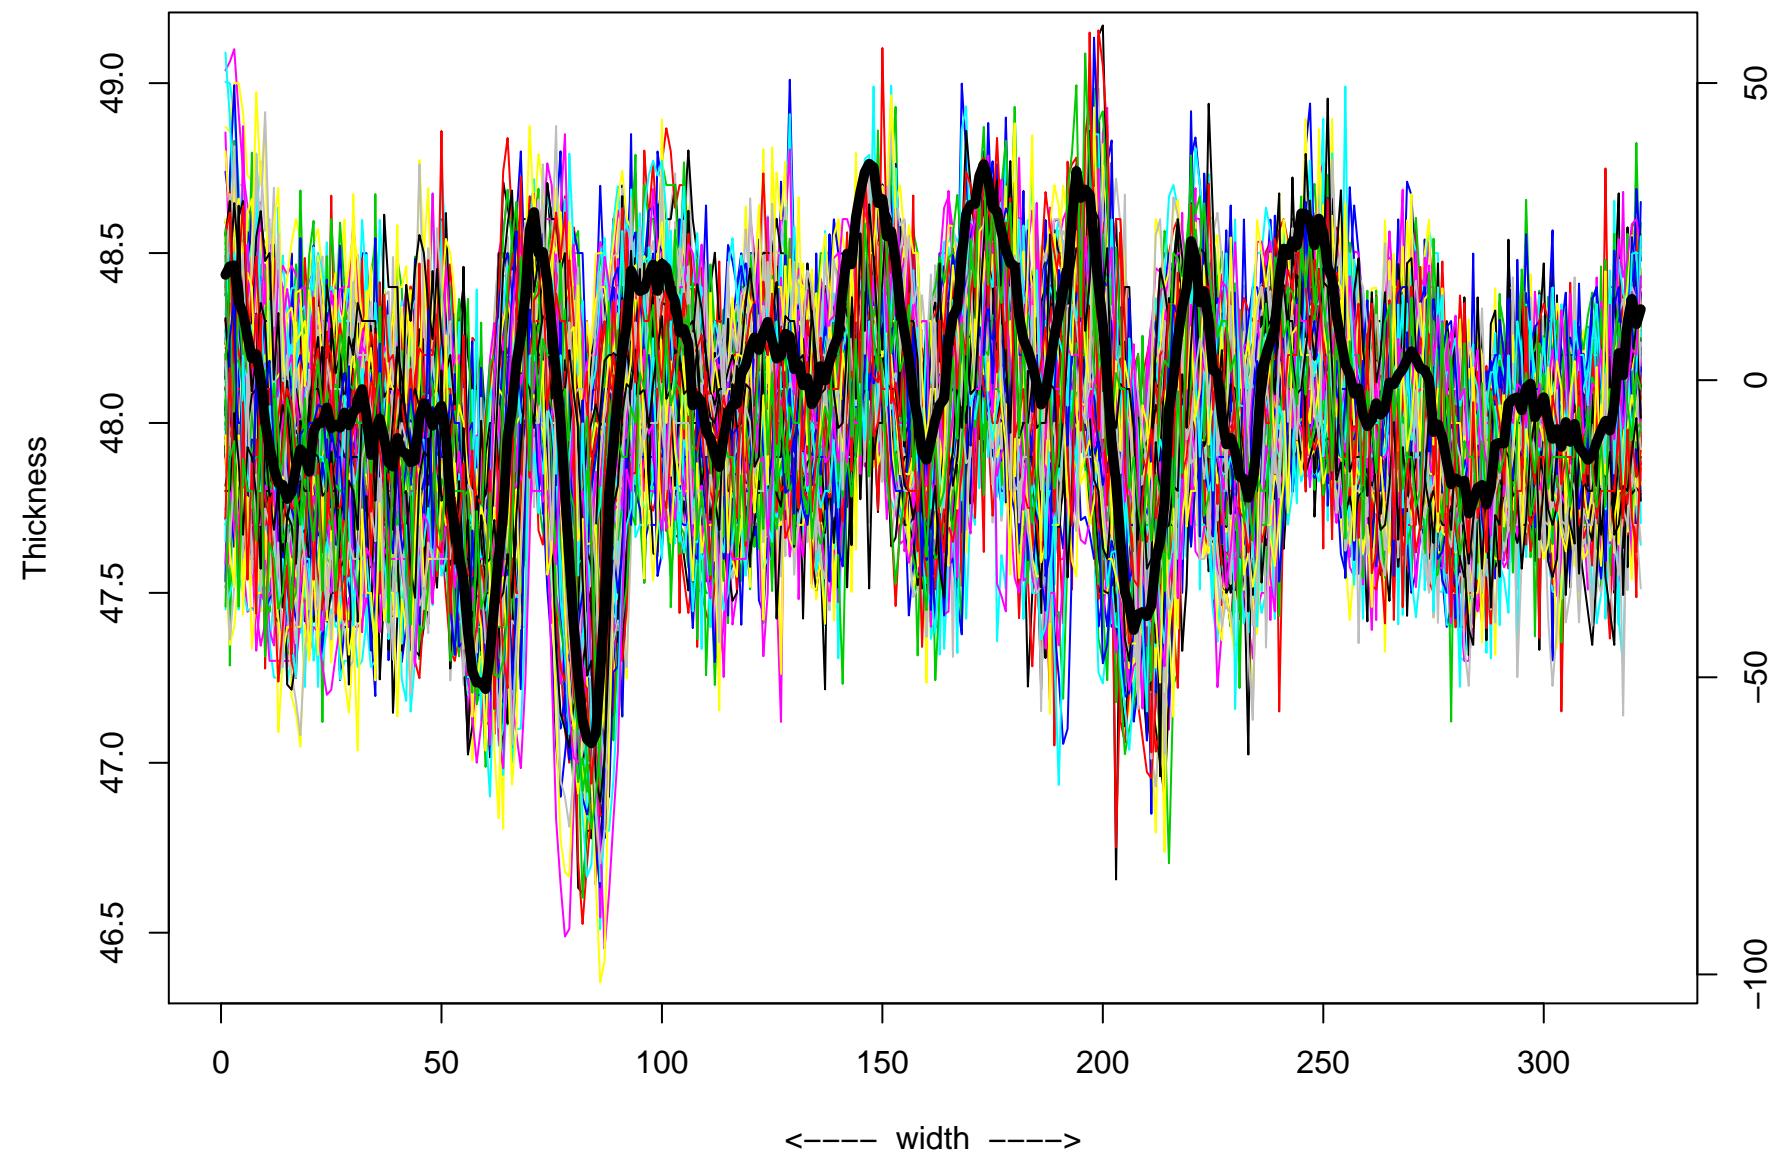

Oscillated thickness simulation result: oscWidth 100 and it SD is 20.4284464796393

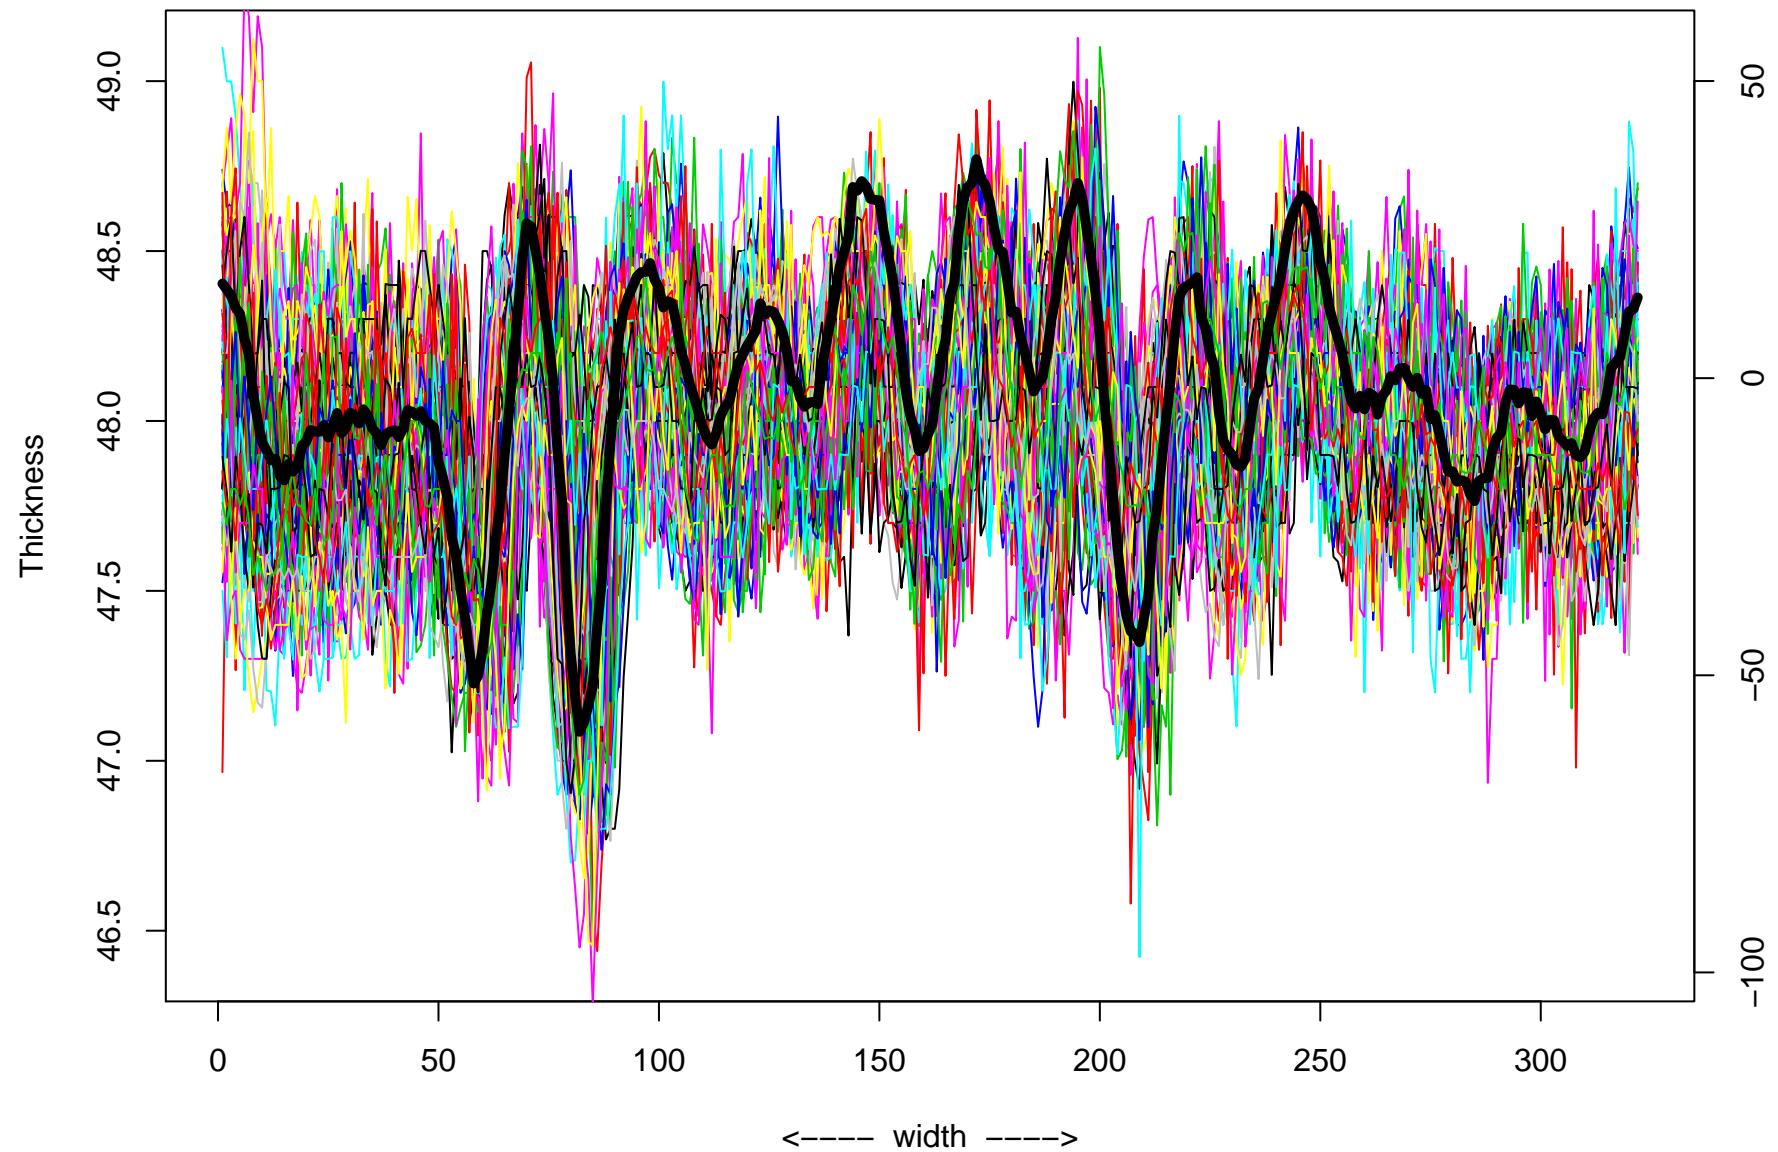

Oscillated thickness simulation result: oscWidth 110 and it SD is 20.1351419701706

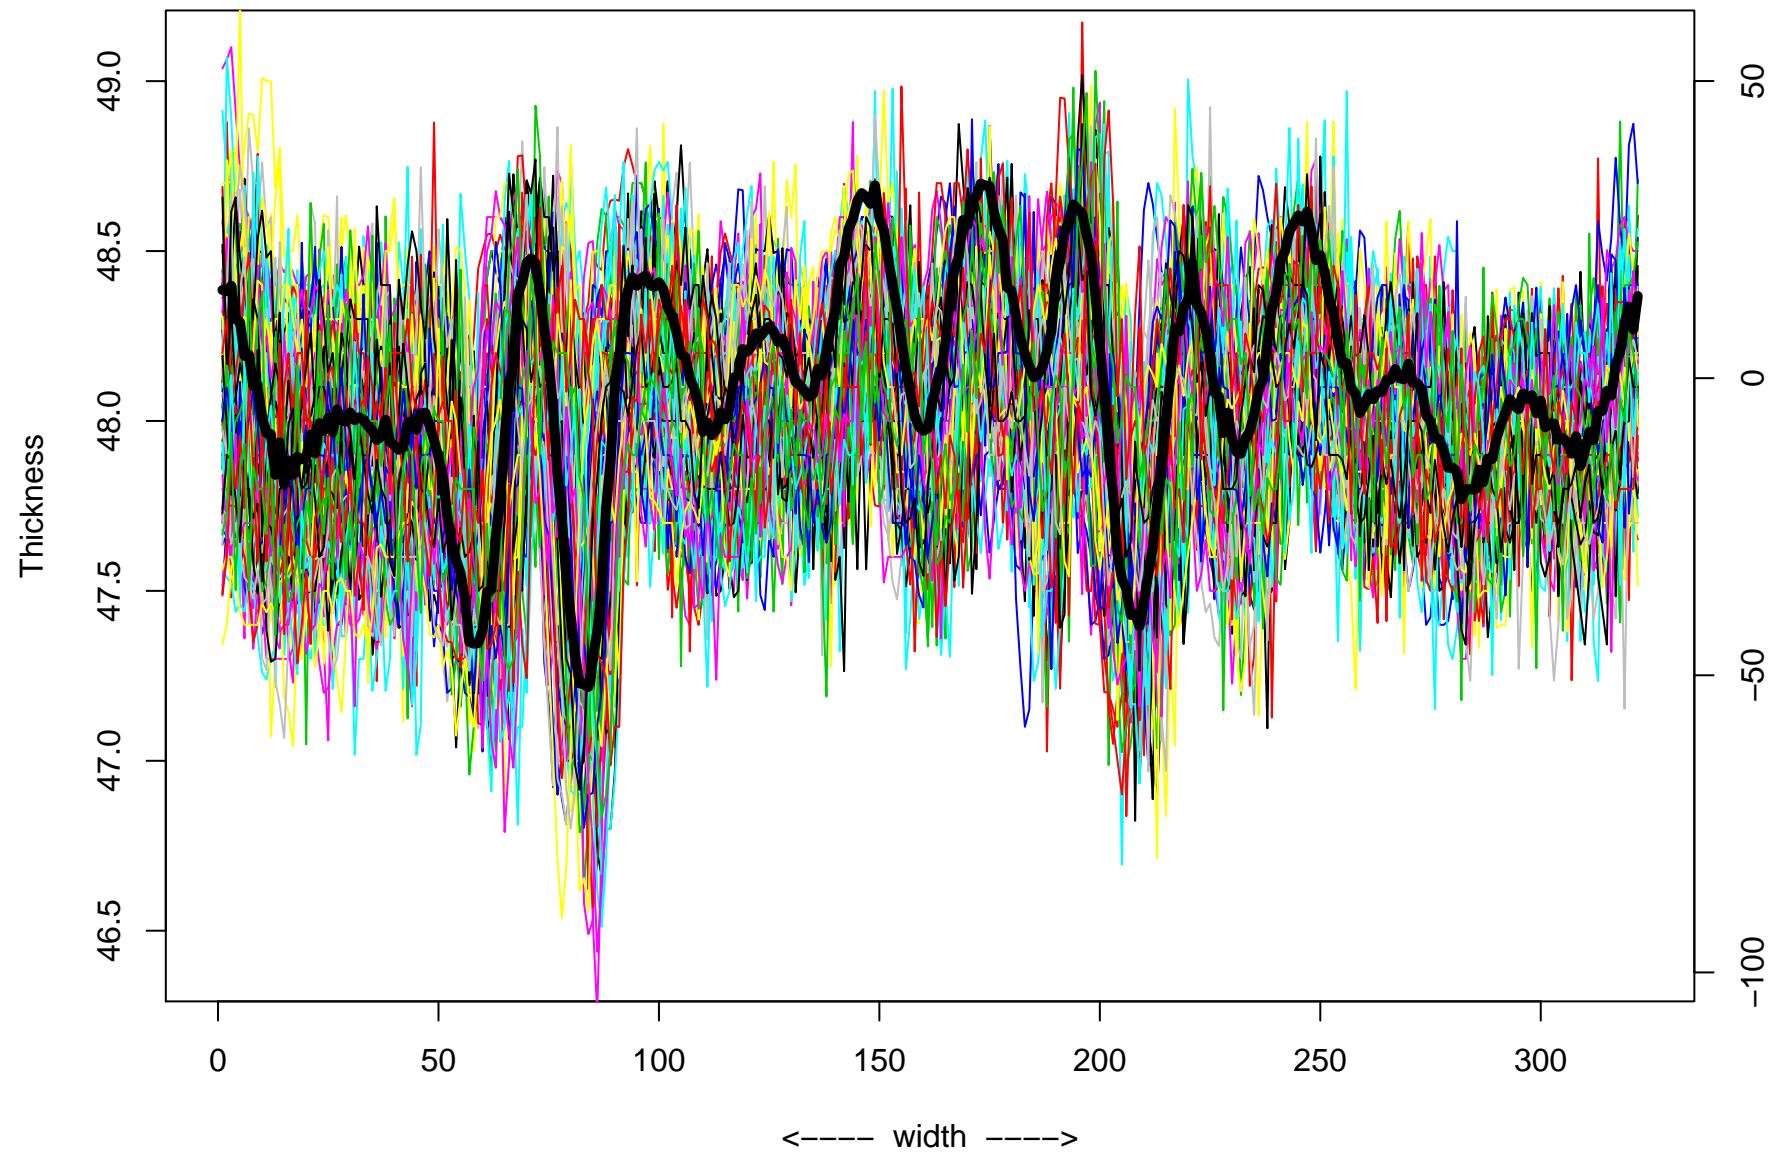

Oscillated thickness simulation result: oscWidth 120 and it SD is 19.1021863274066

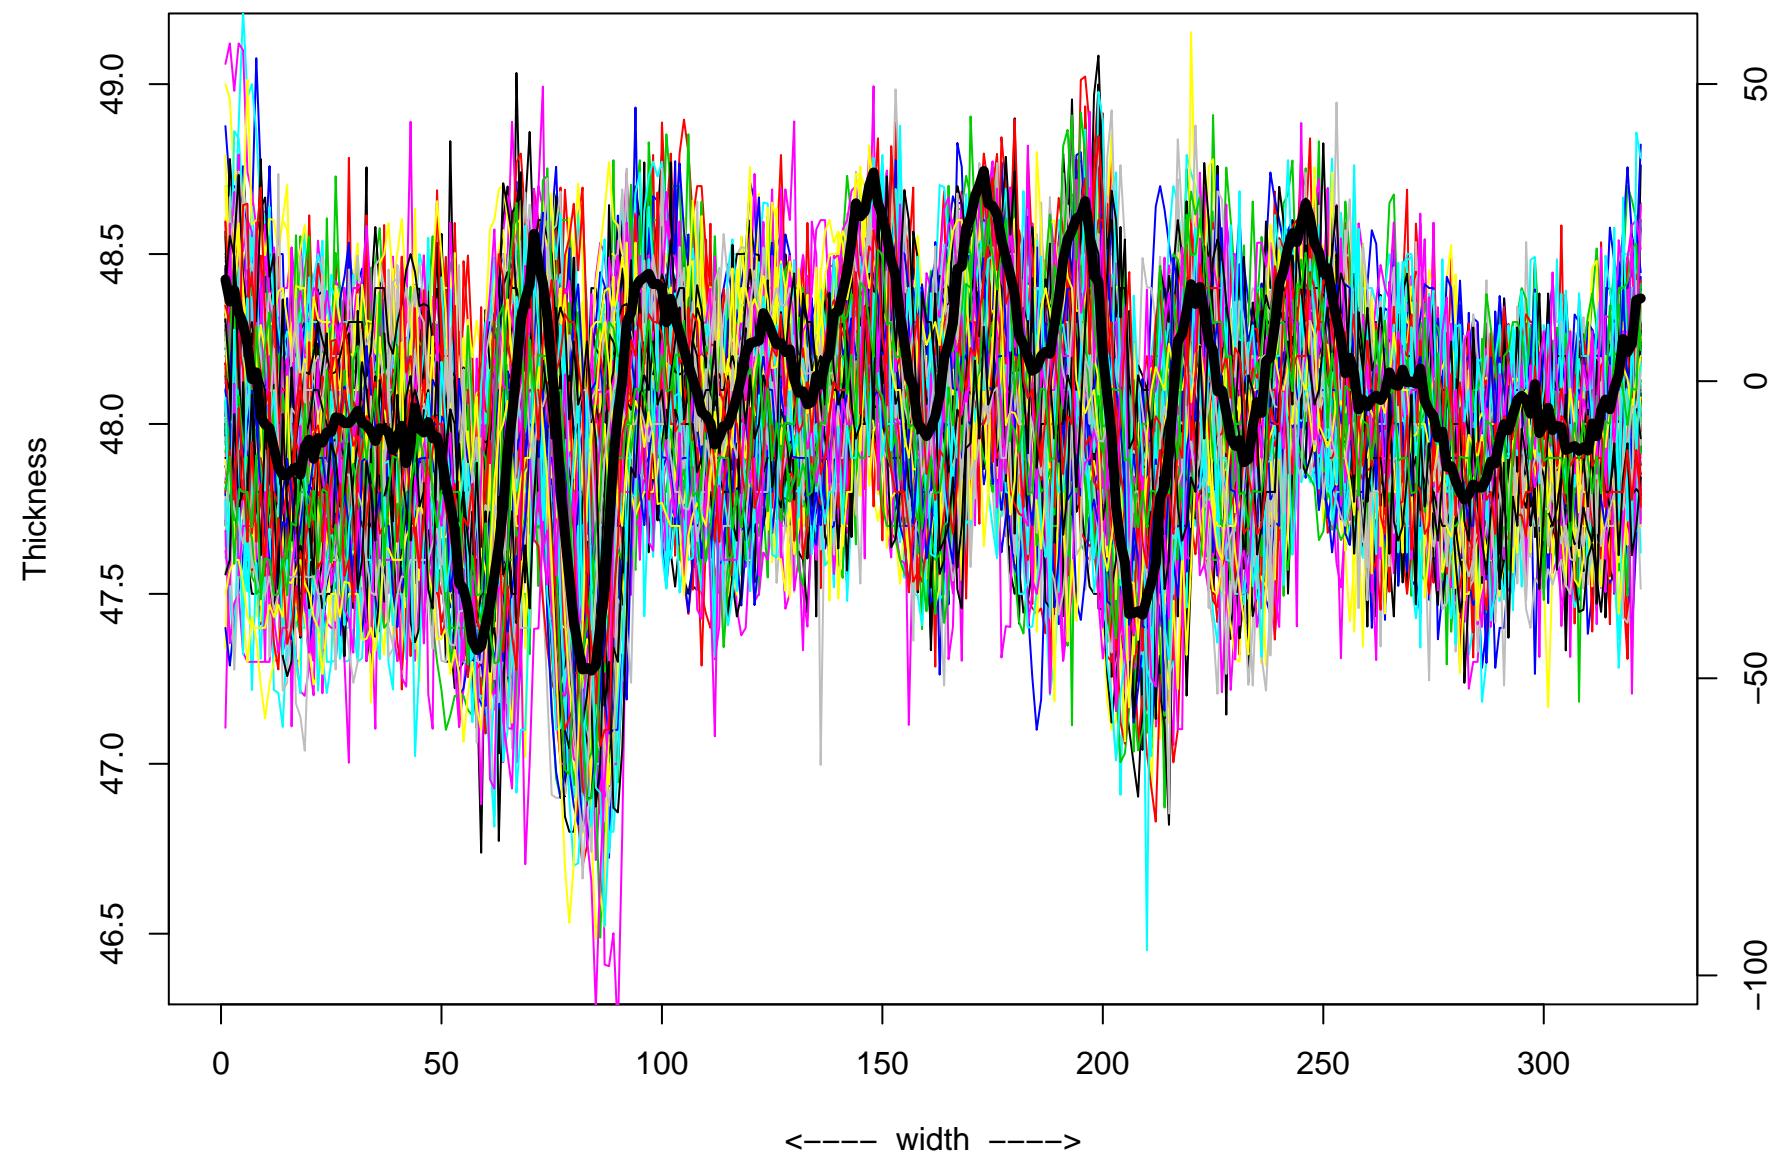

Oscillated thickness simulation result: oscWidth 130 and it SD is 18.6364067553261

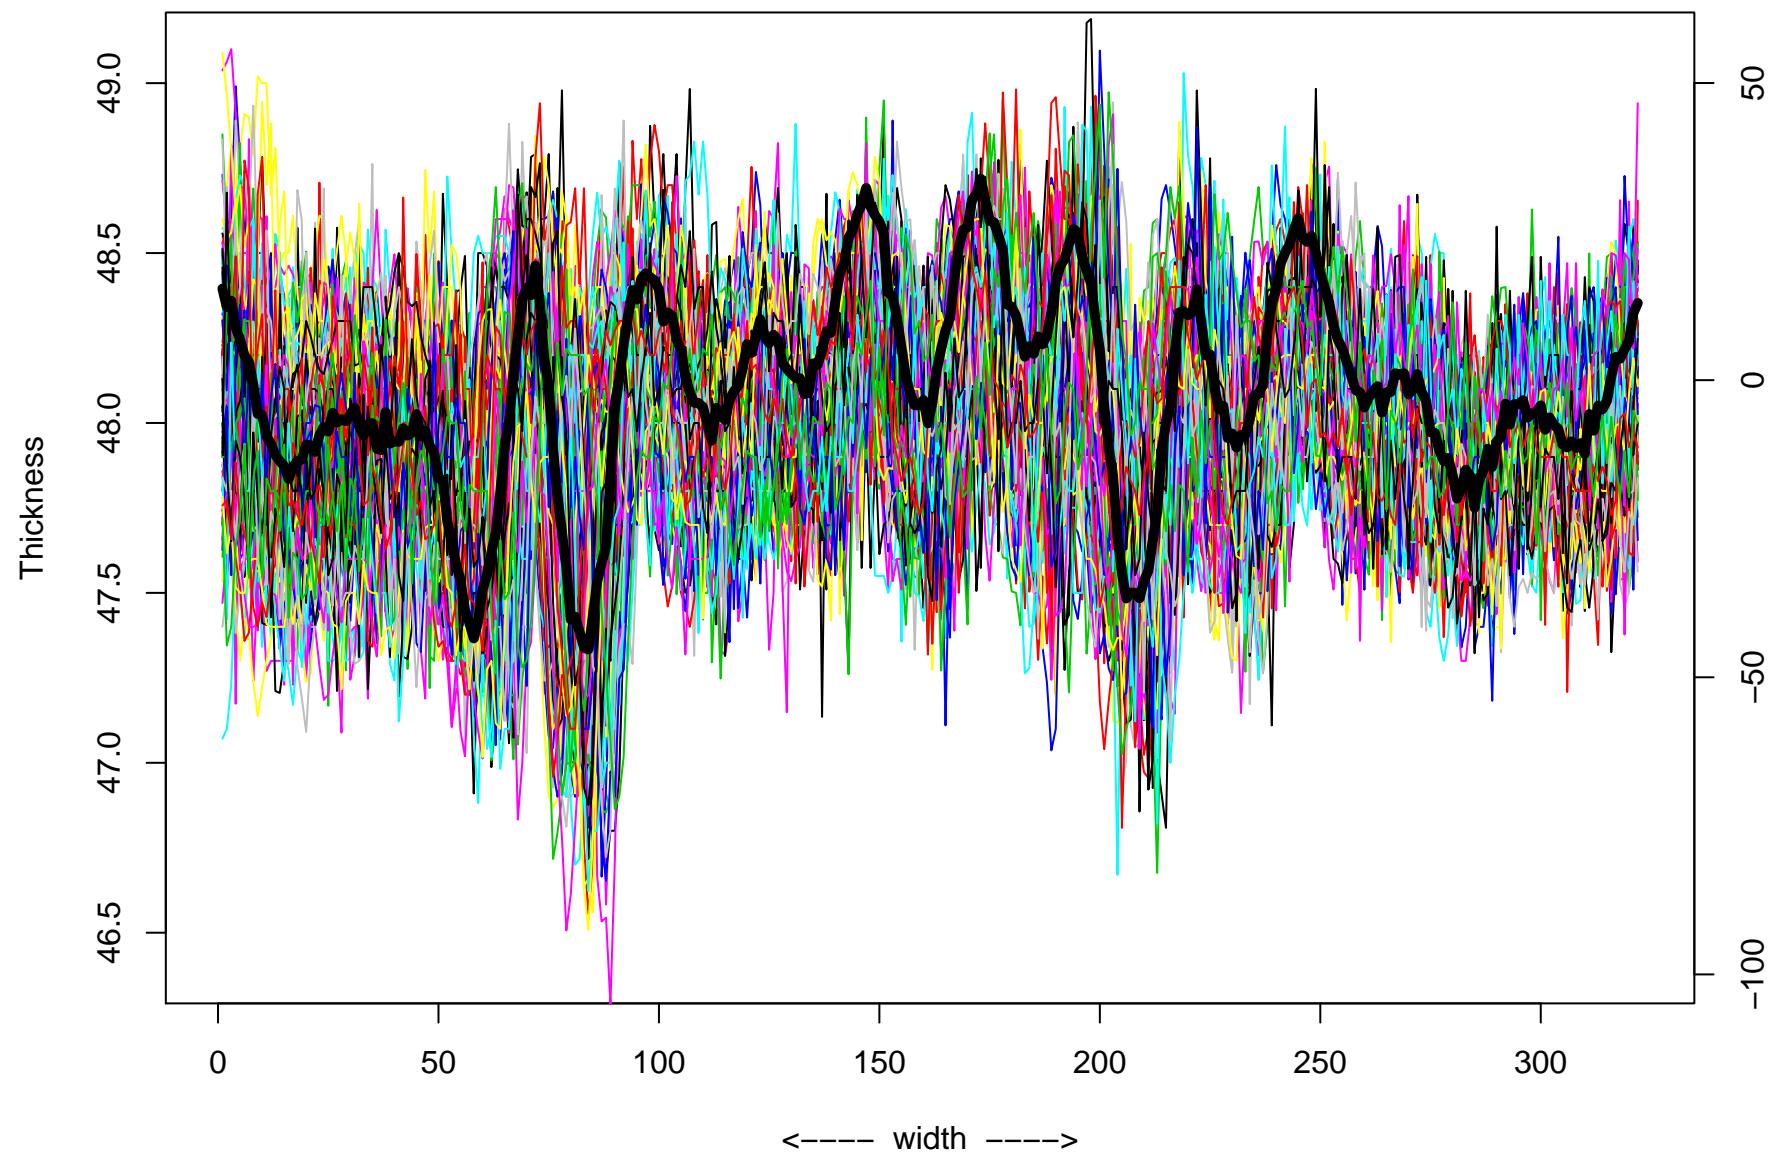

Oscillated thickness simulation result: oscWidth 140 and it SD is 17.5656389882364

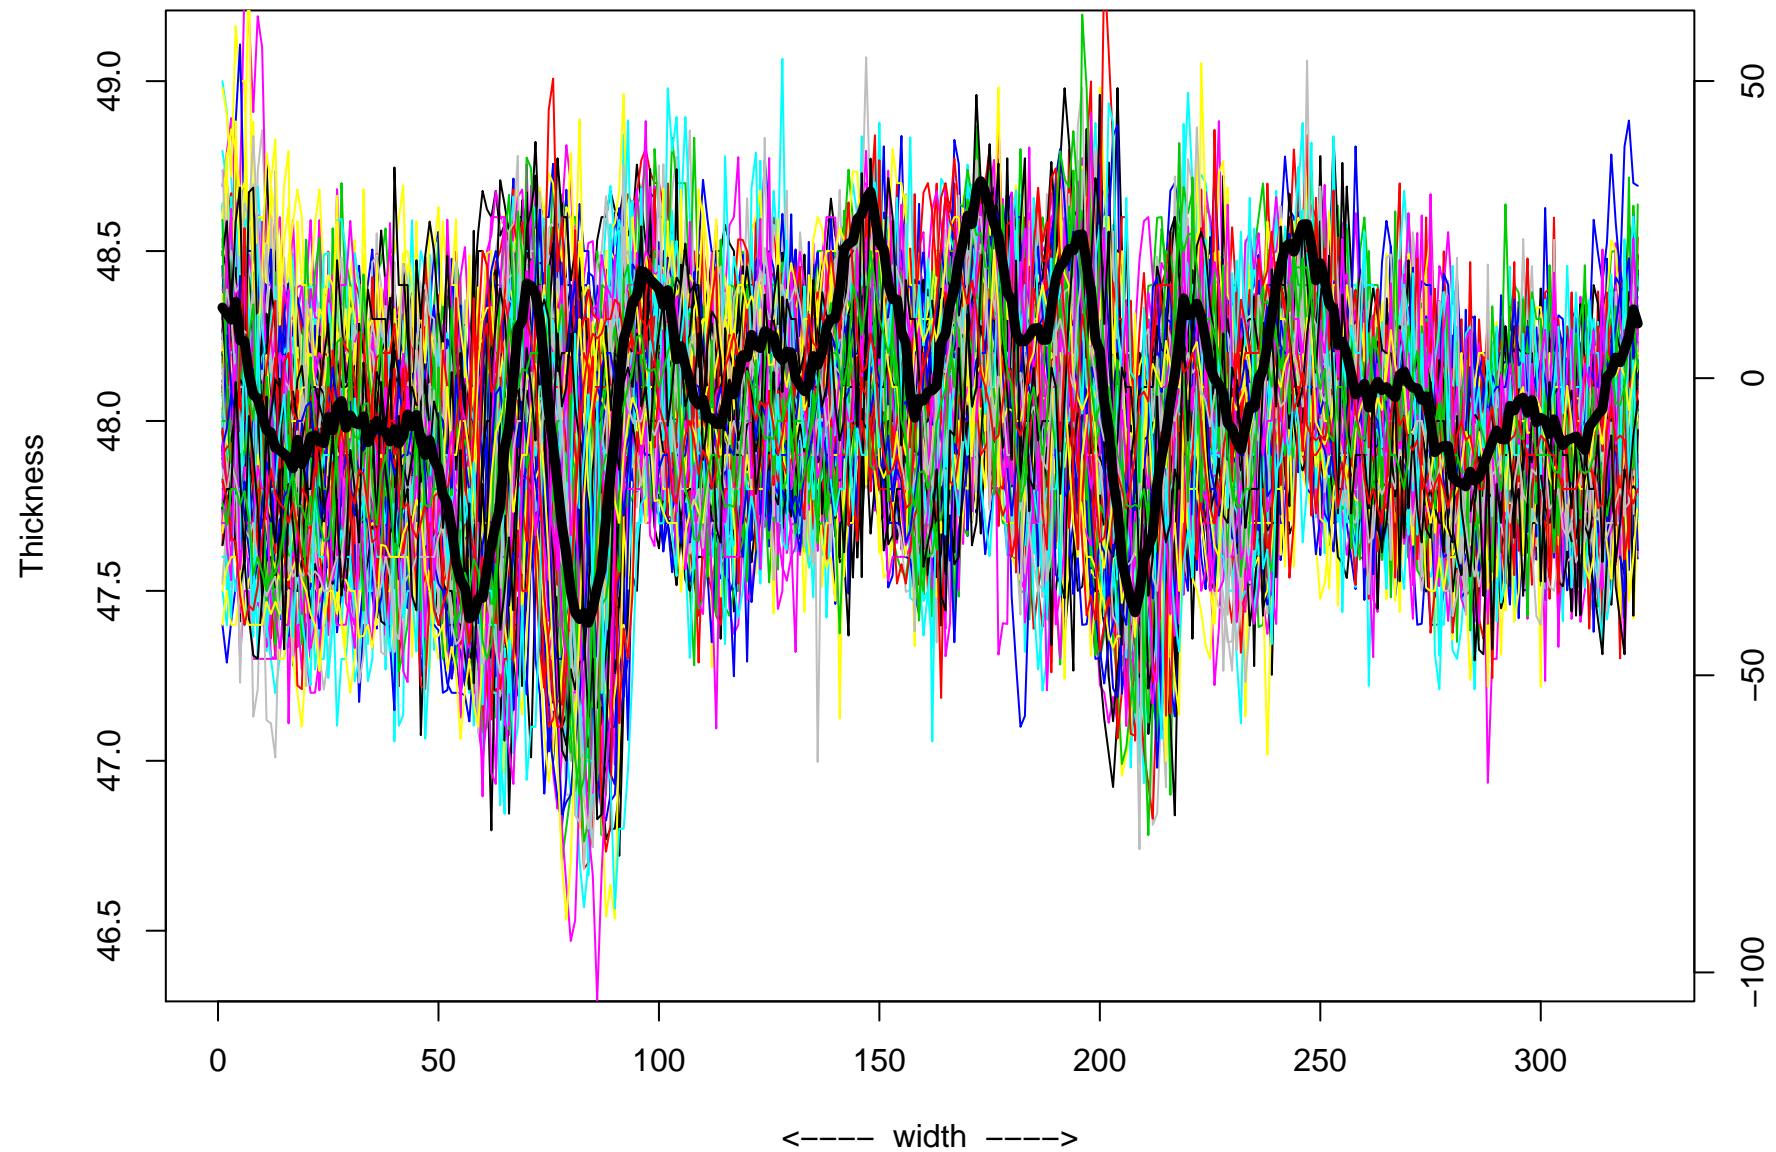

Oscillated thickness simulation result: oscWidth 150 and it SD is 17.4856201282164

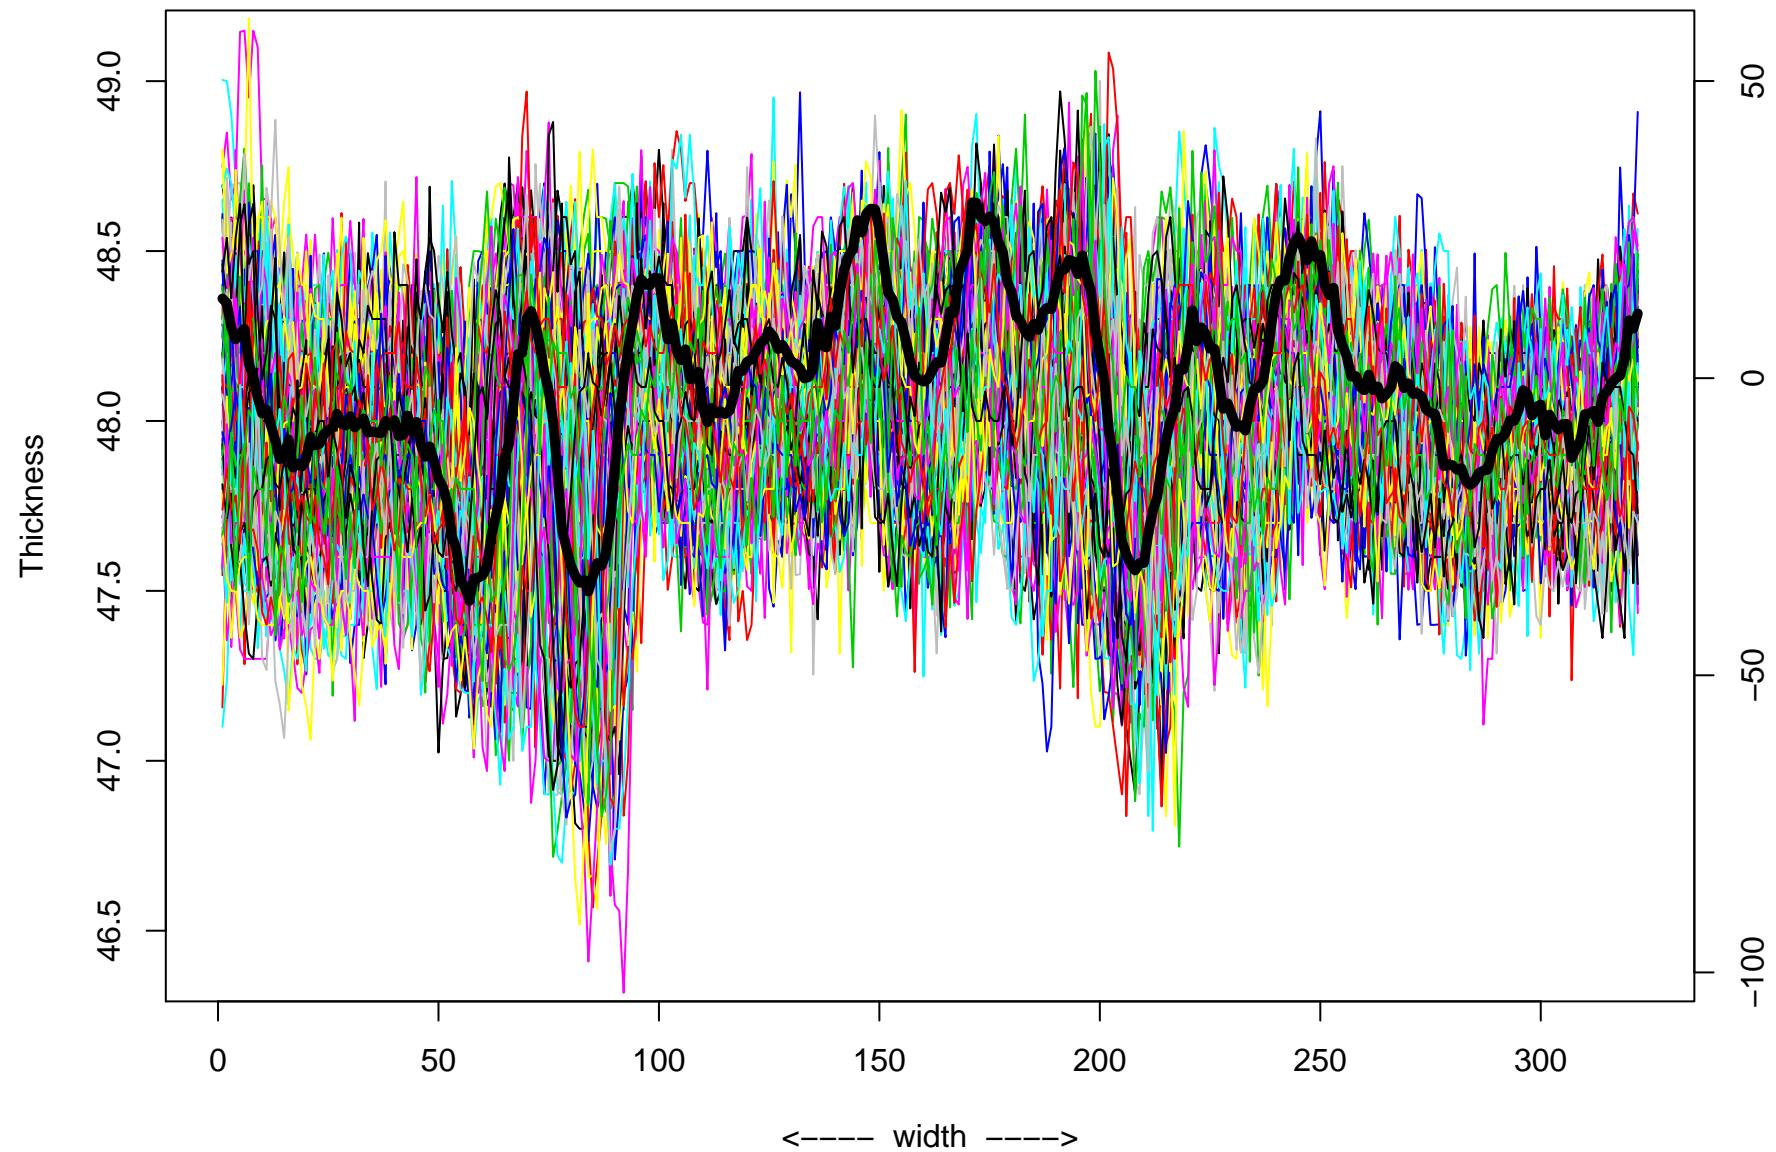

Oscillated thickness simulation result: oscWidth 160 and it SD is 16.3732895066264

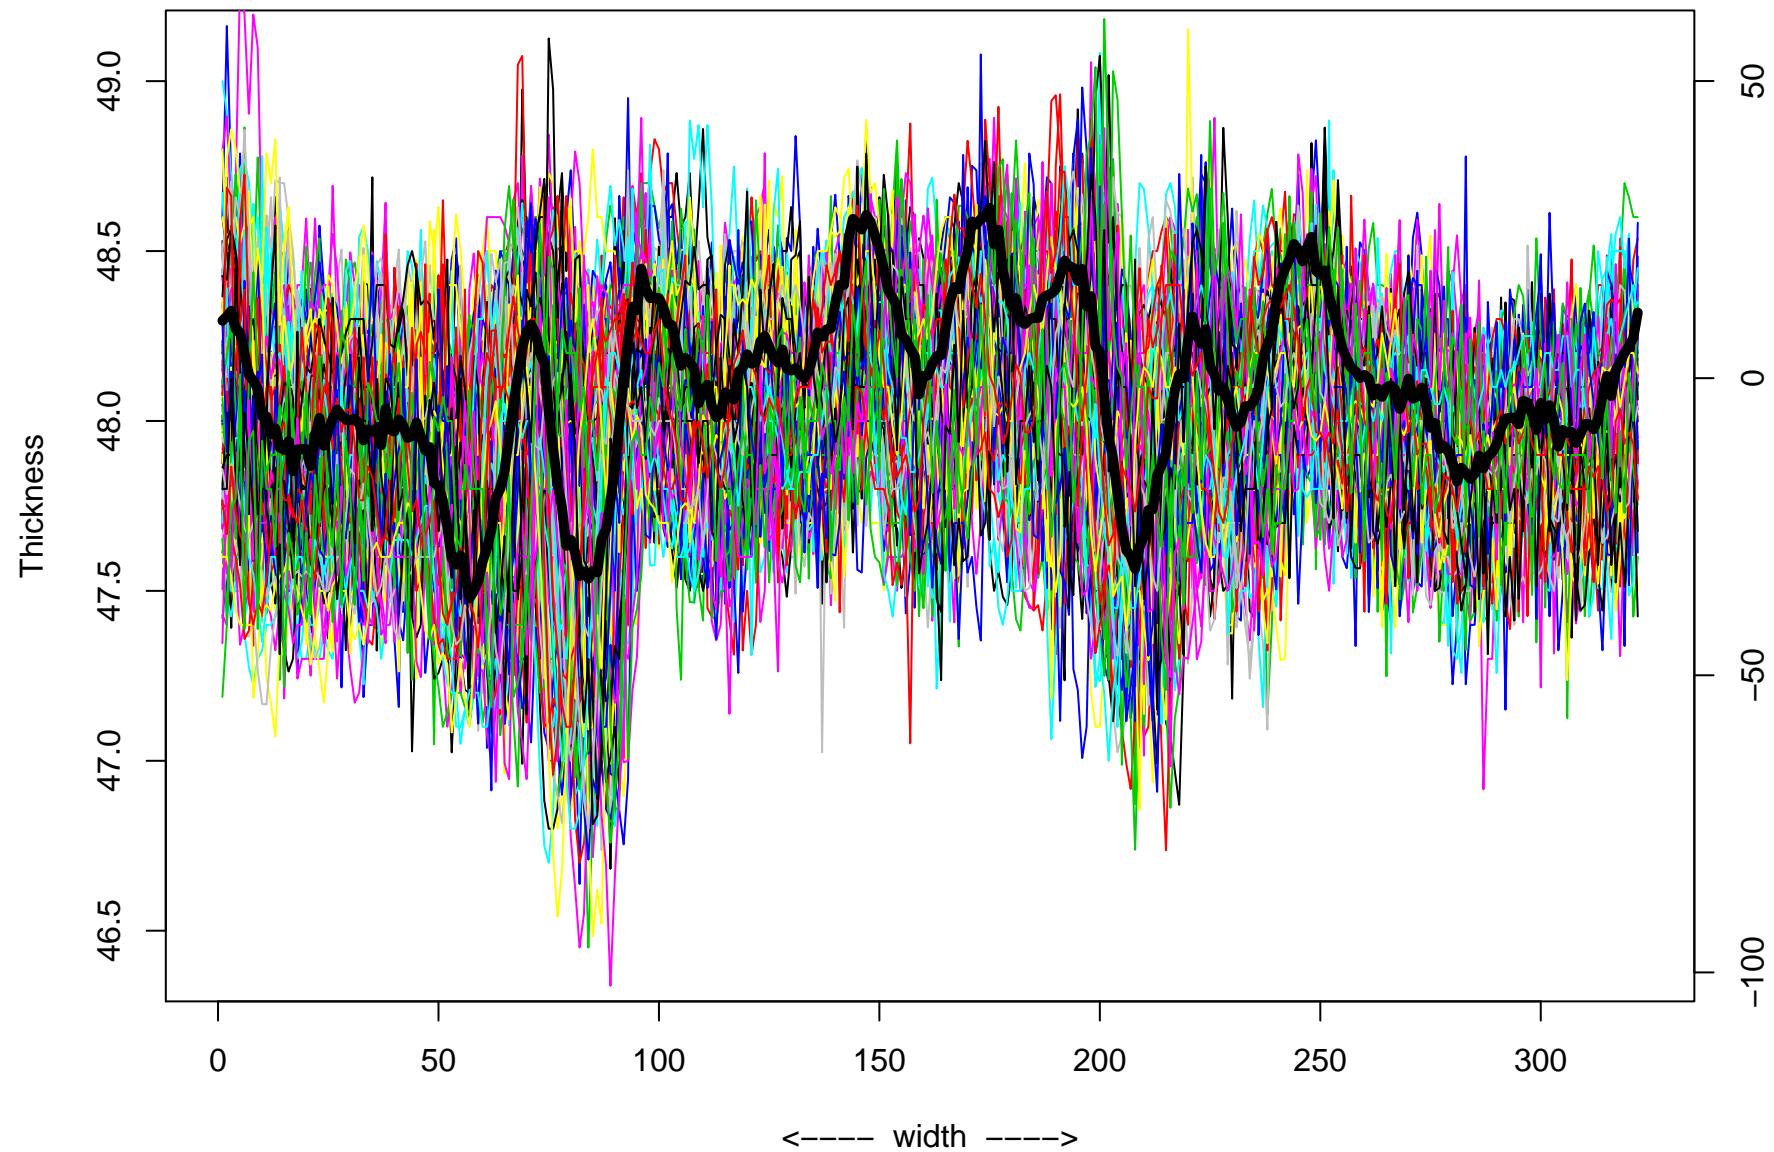

Oscillated thickness simulation result: oscWidth 170 and it SD is 15.7898948899917

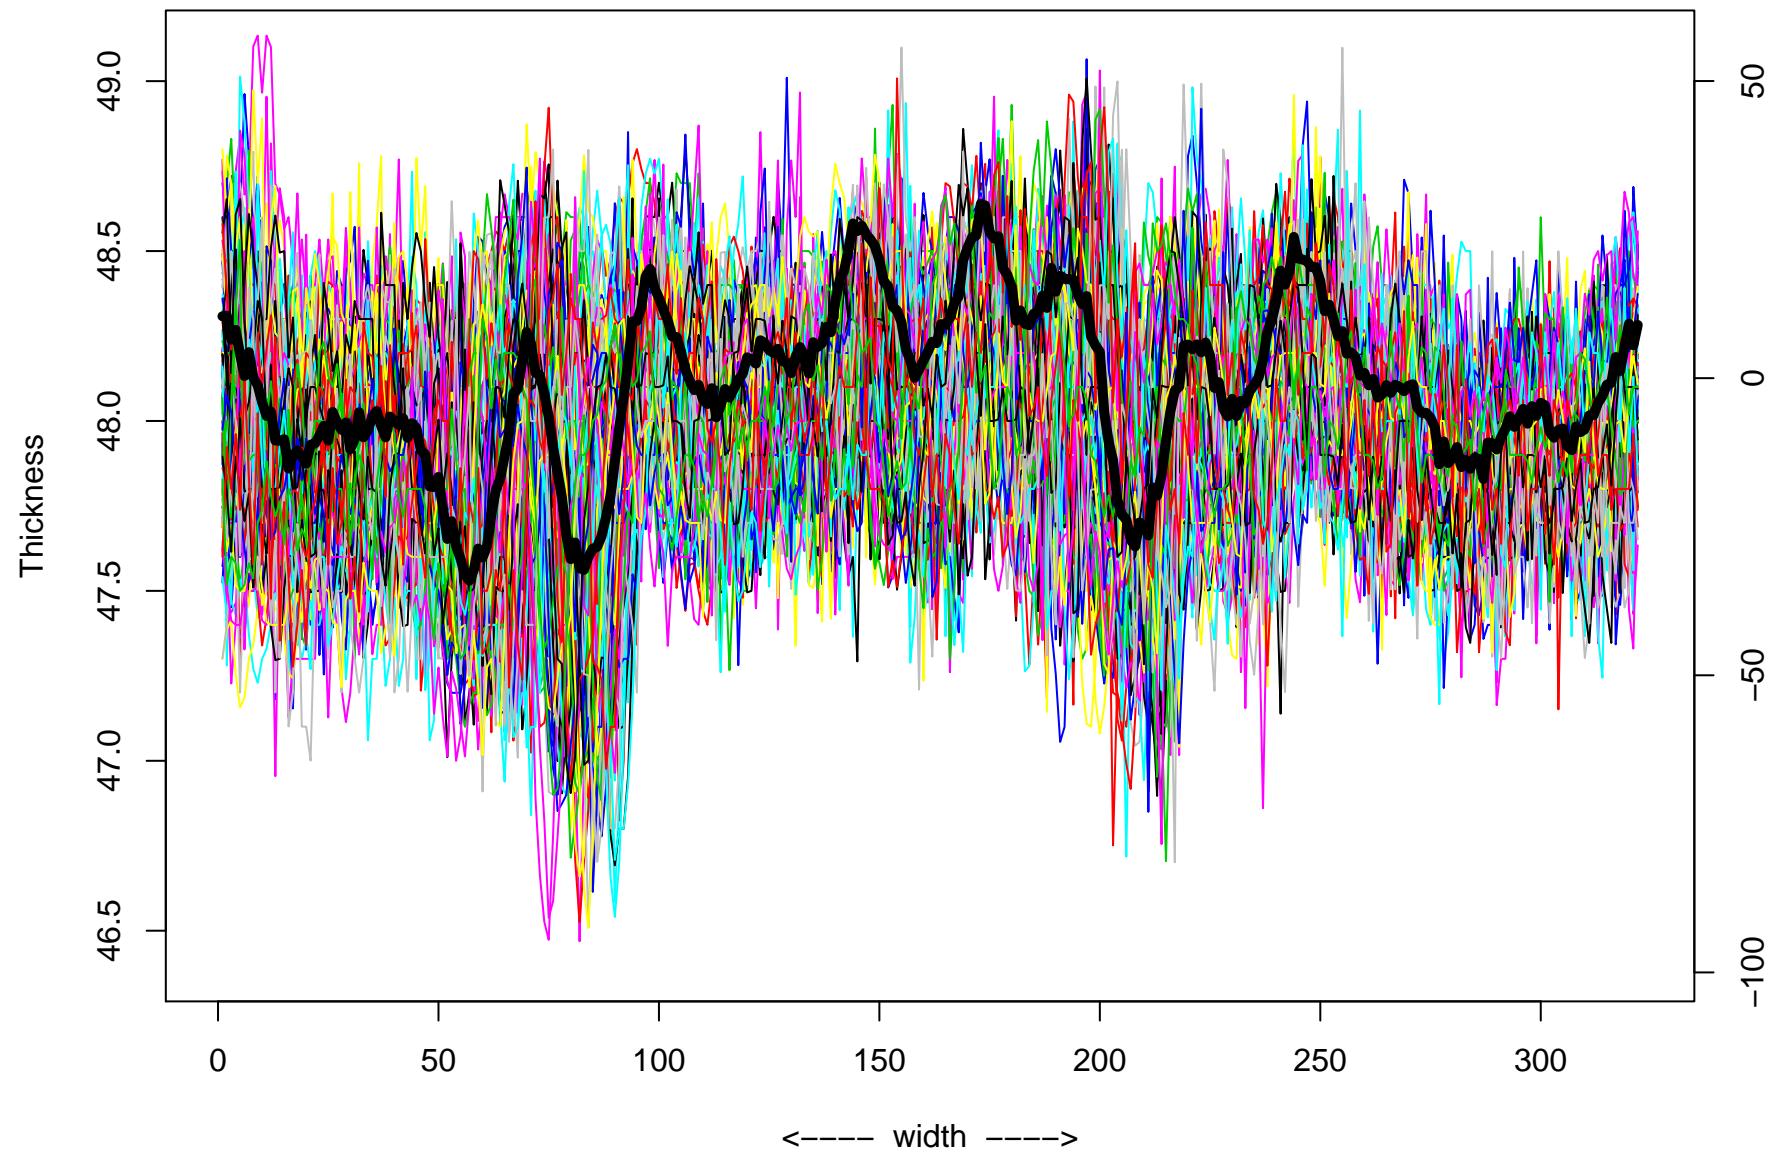

Oscillated thickness simulation result: oscWidth 180 and it SD is 14.721126984984

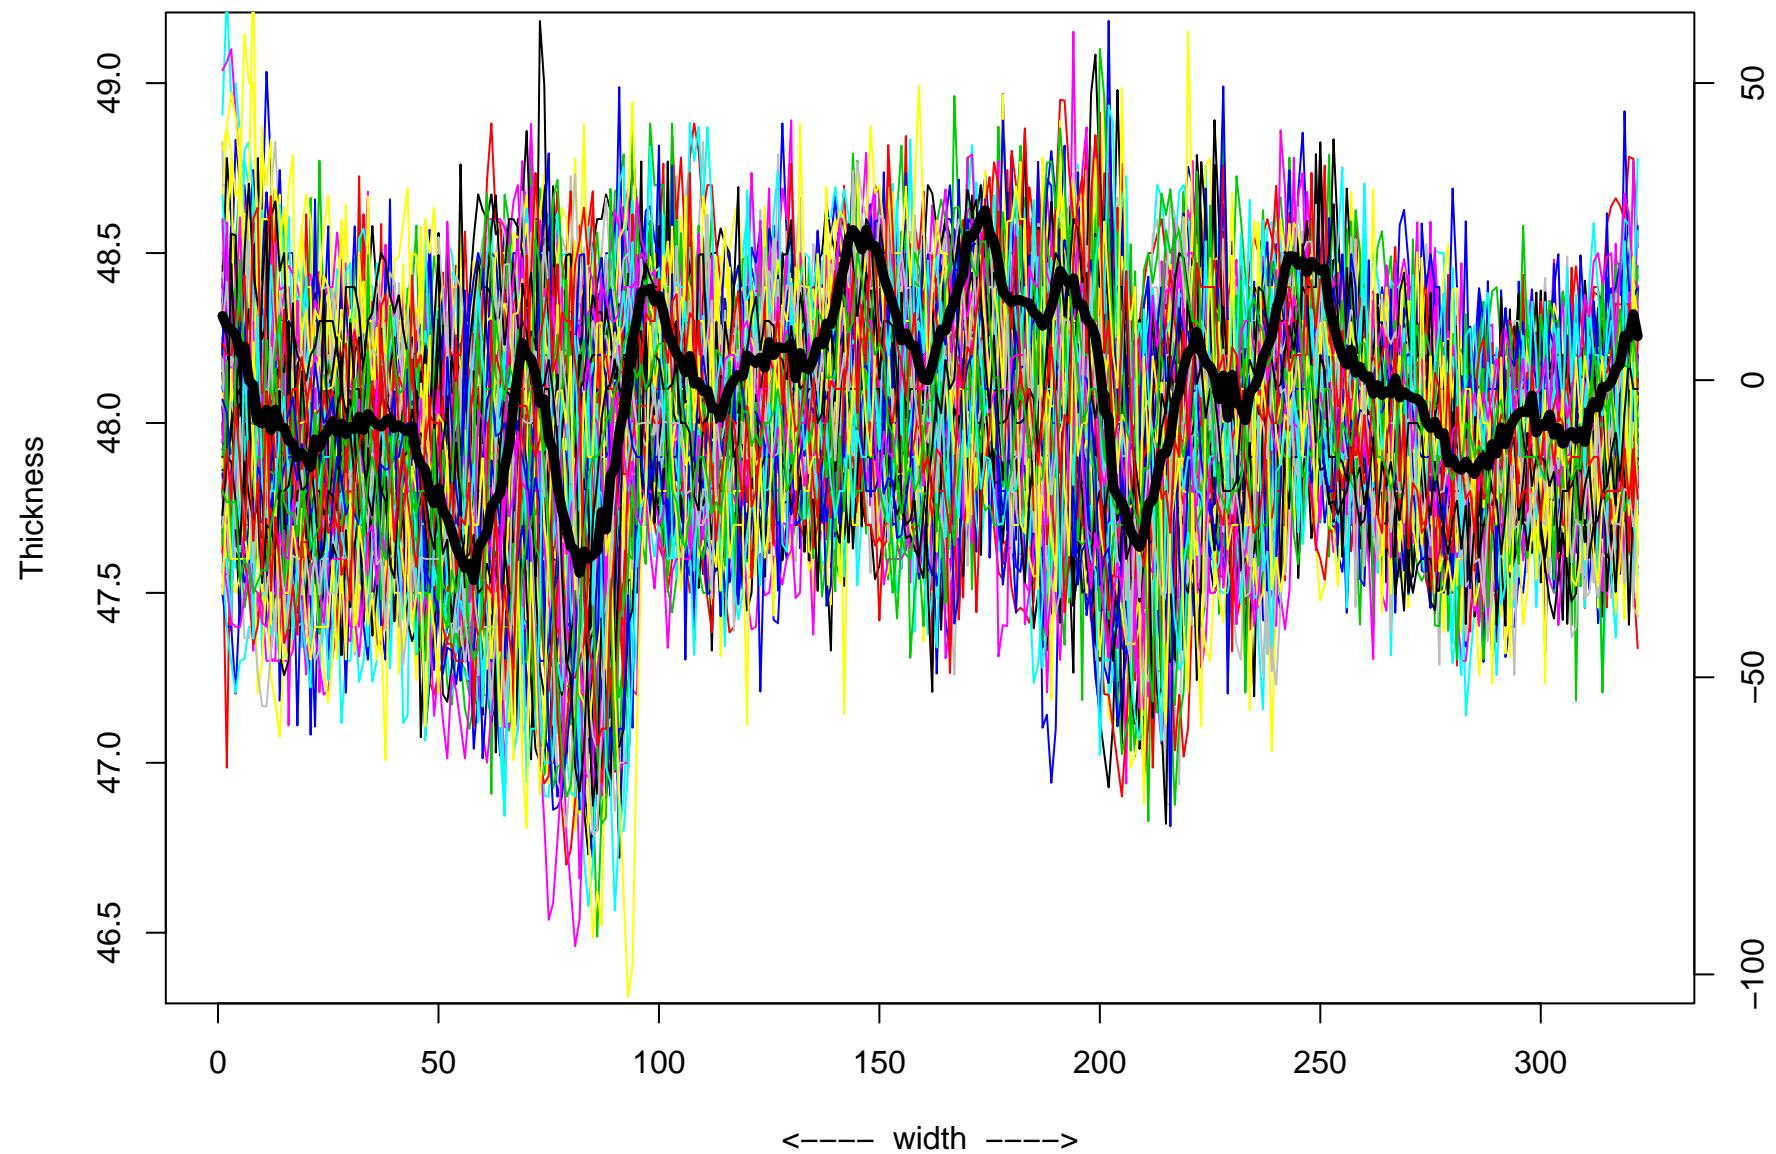

Oscillated thickness simulation result: oscWidth 190 and it SD is 14.2349629497839

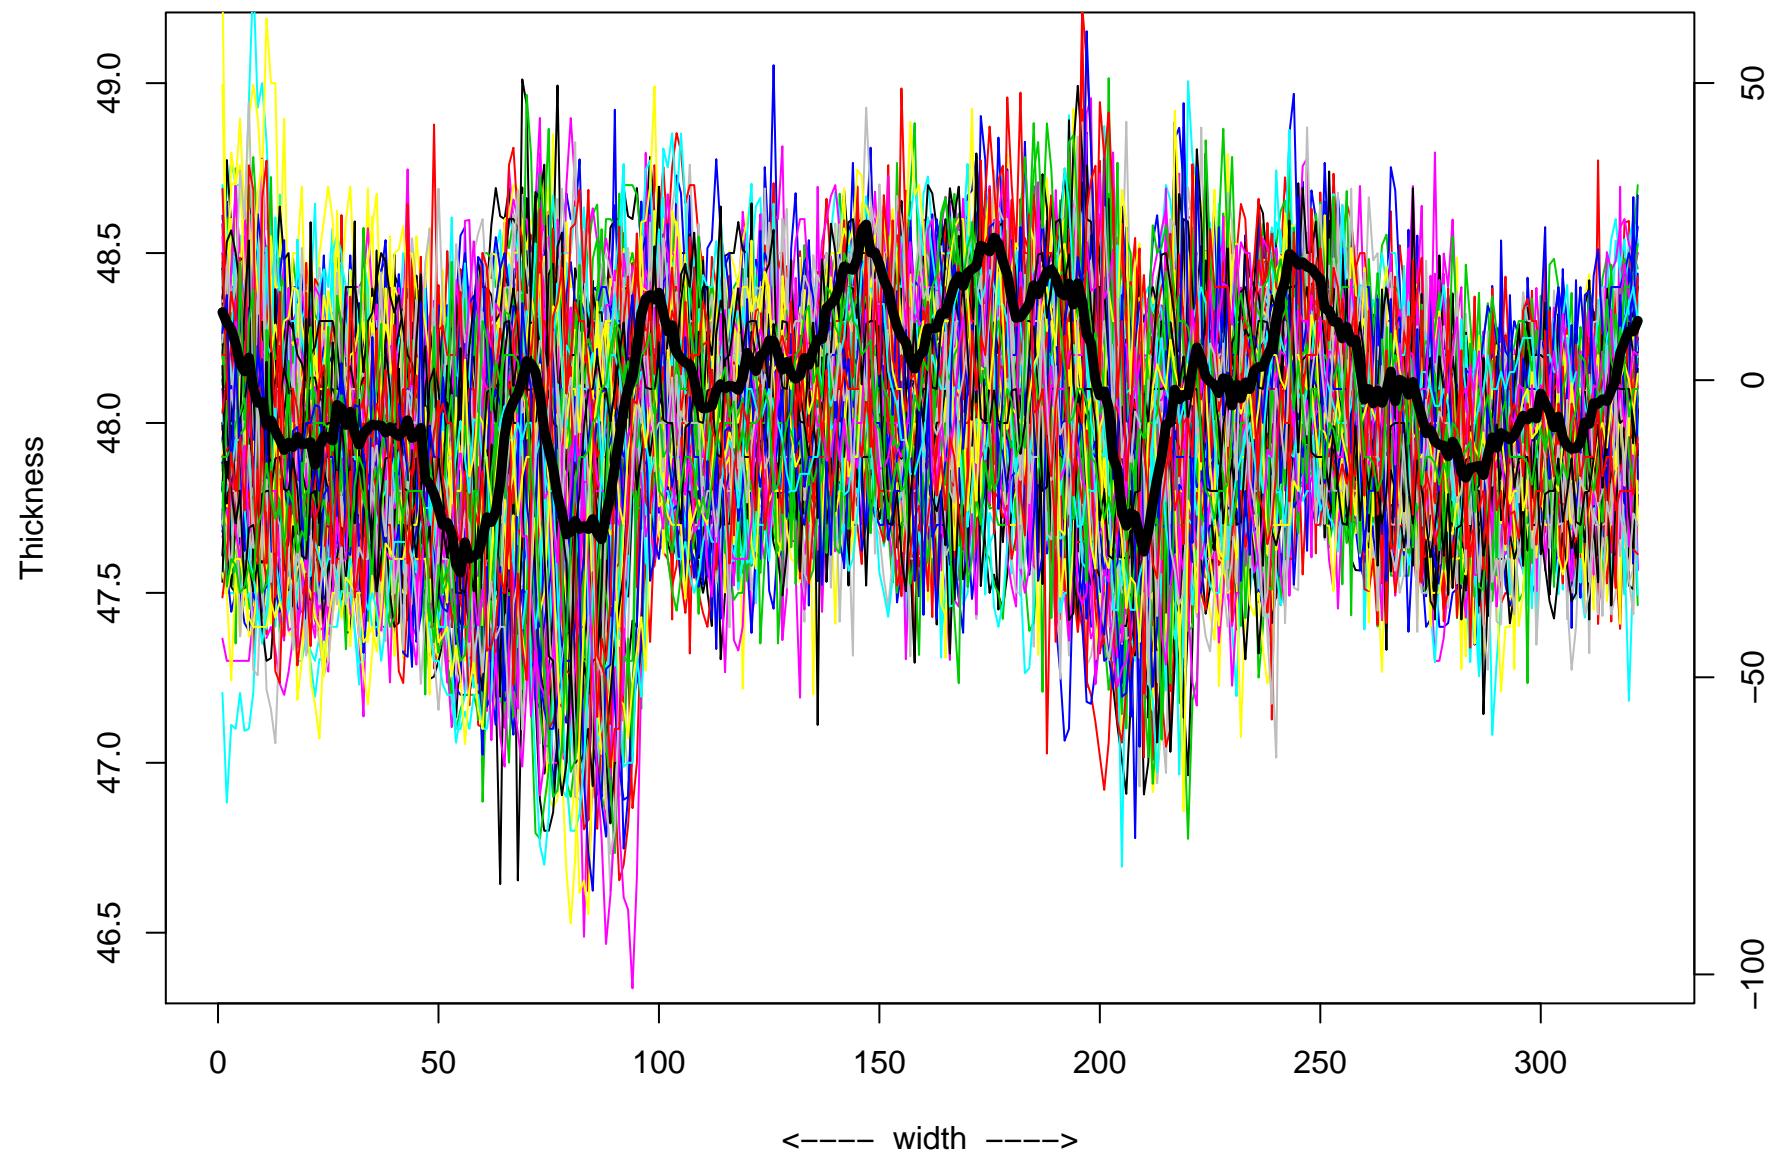

Oscillated thickness simulation result: oscWidth 200 and it SD is 13.5961065760251

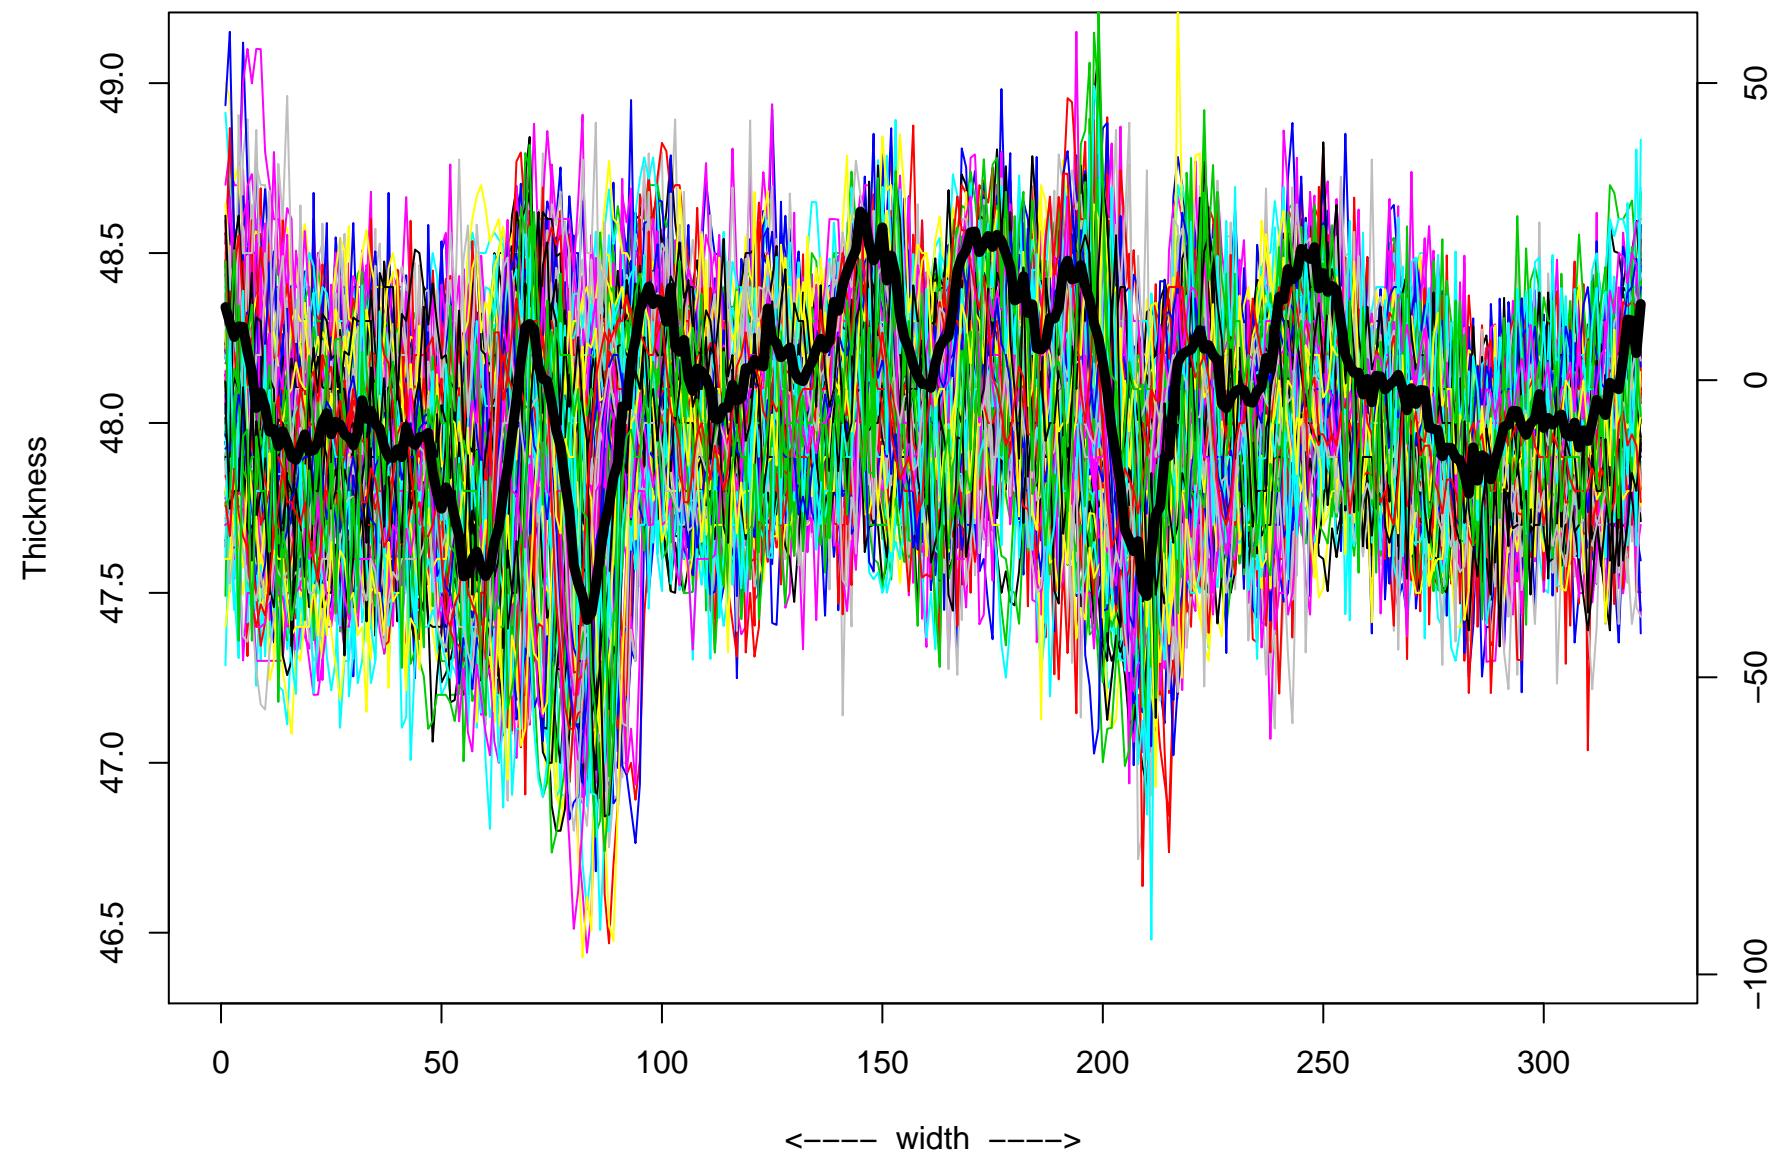

Oscillated thickness simulation result: oscWidth 210 and it SD is 13.3716394628812

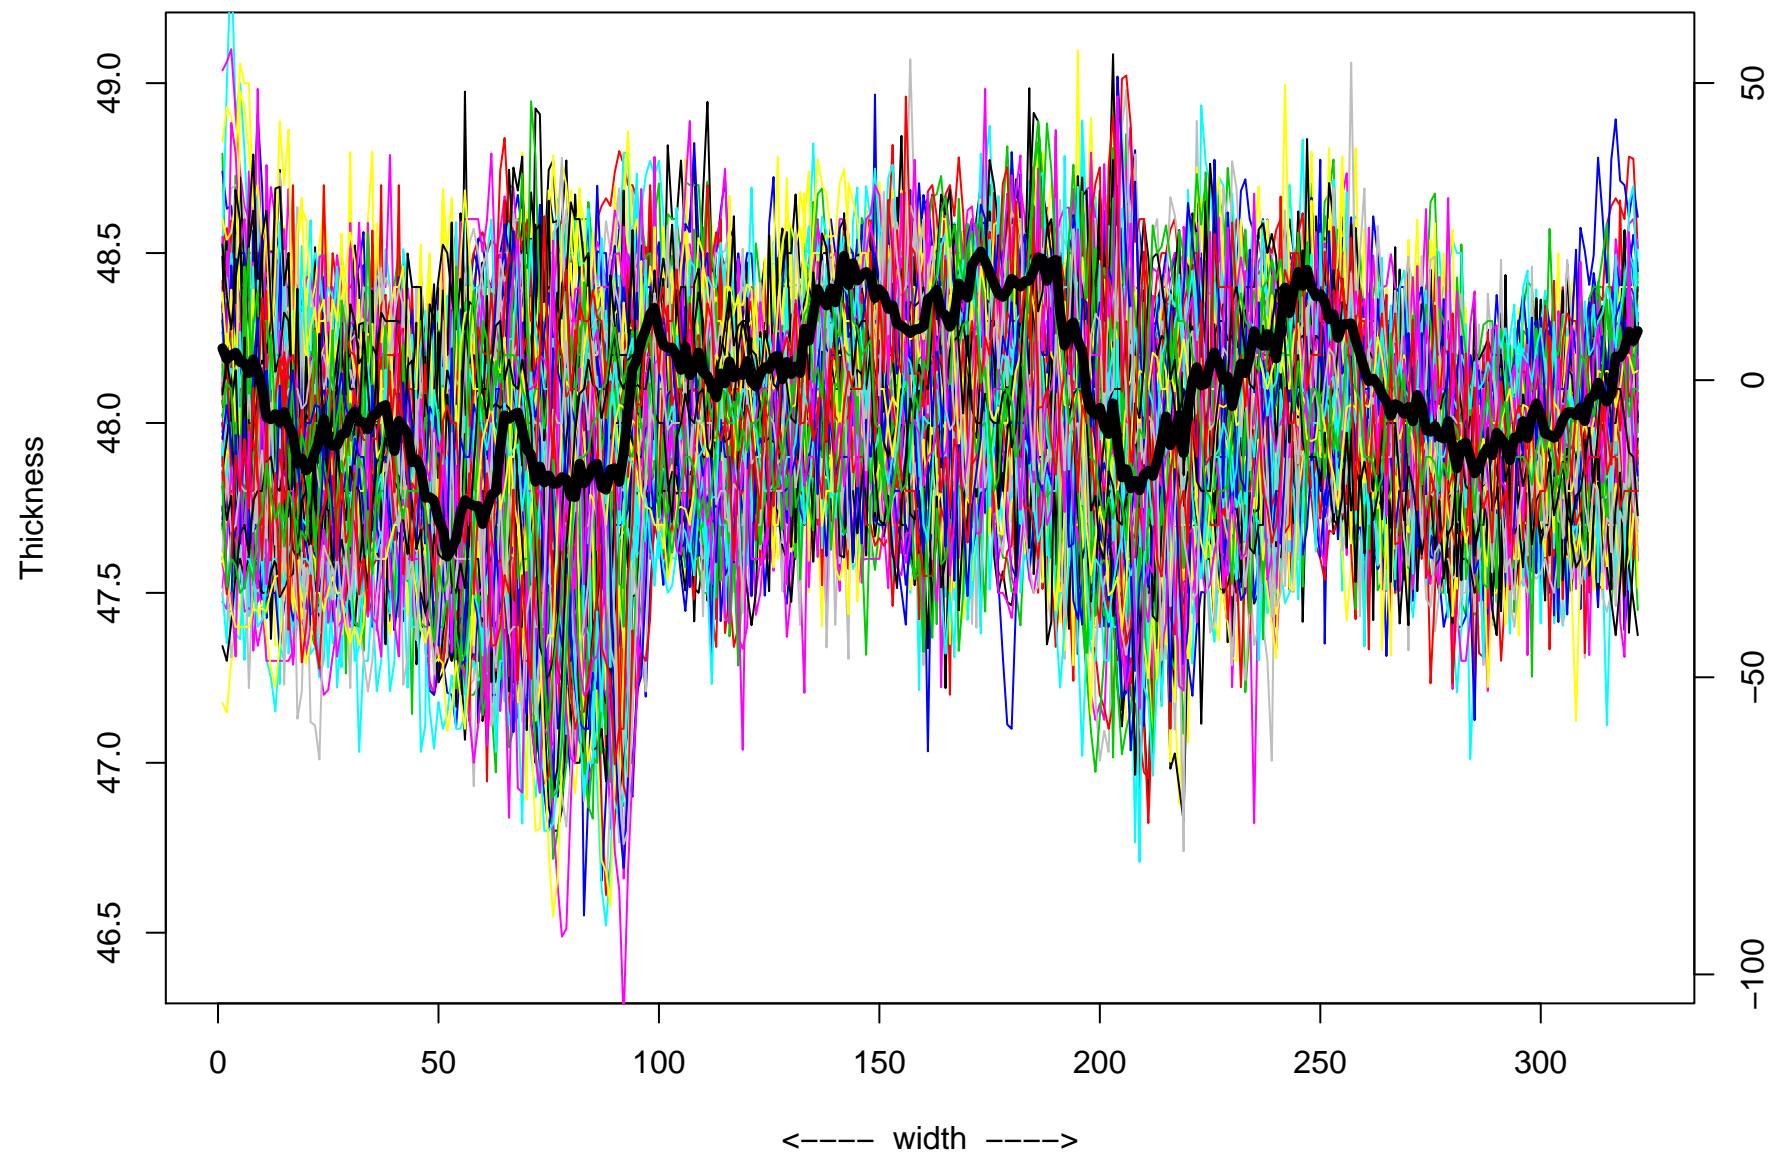

Oscillated thickness simulation result: oscWidth 220 and it SD is 12.9892059896565

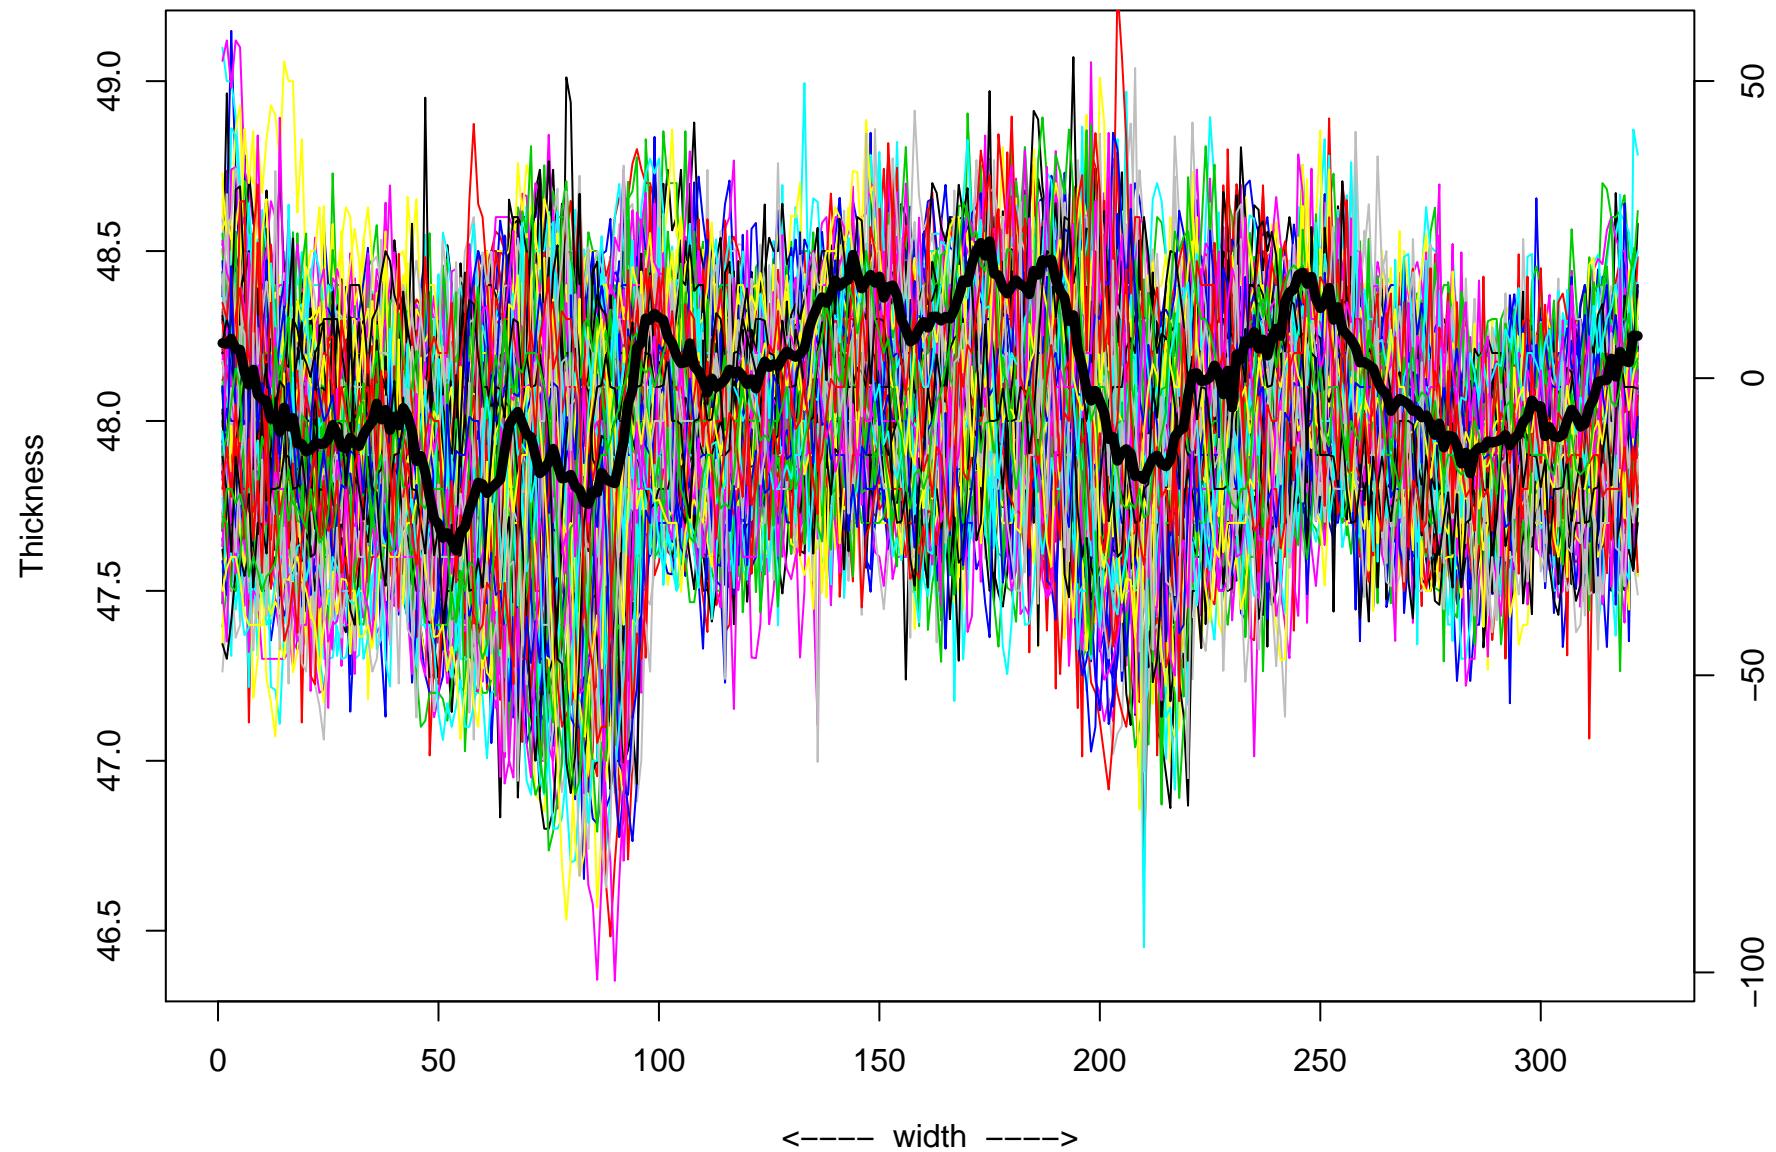

Oscillated thickness simulation result: oscWidth 230 and it SD is 14.1465633777804

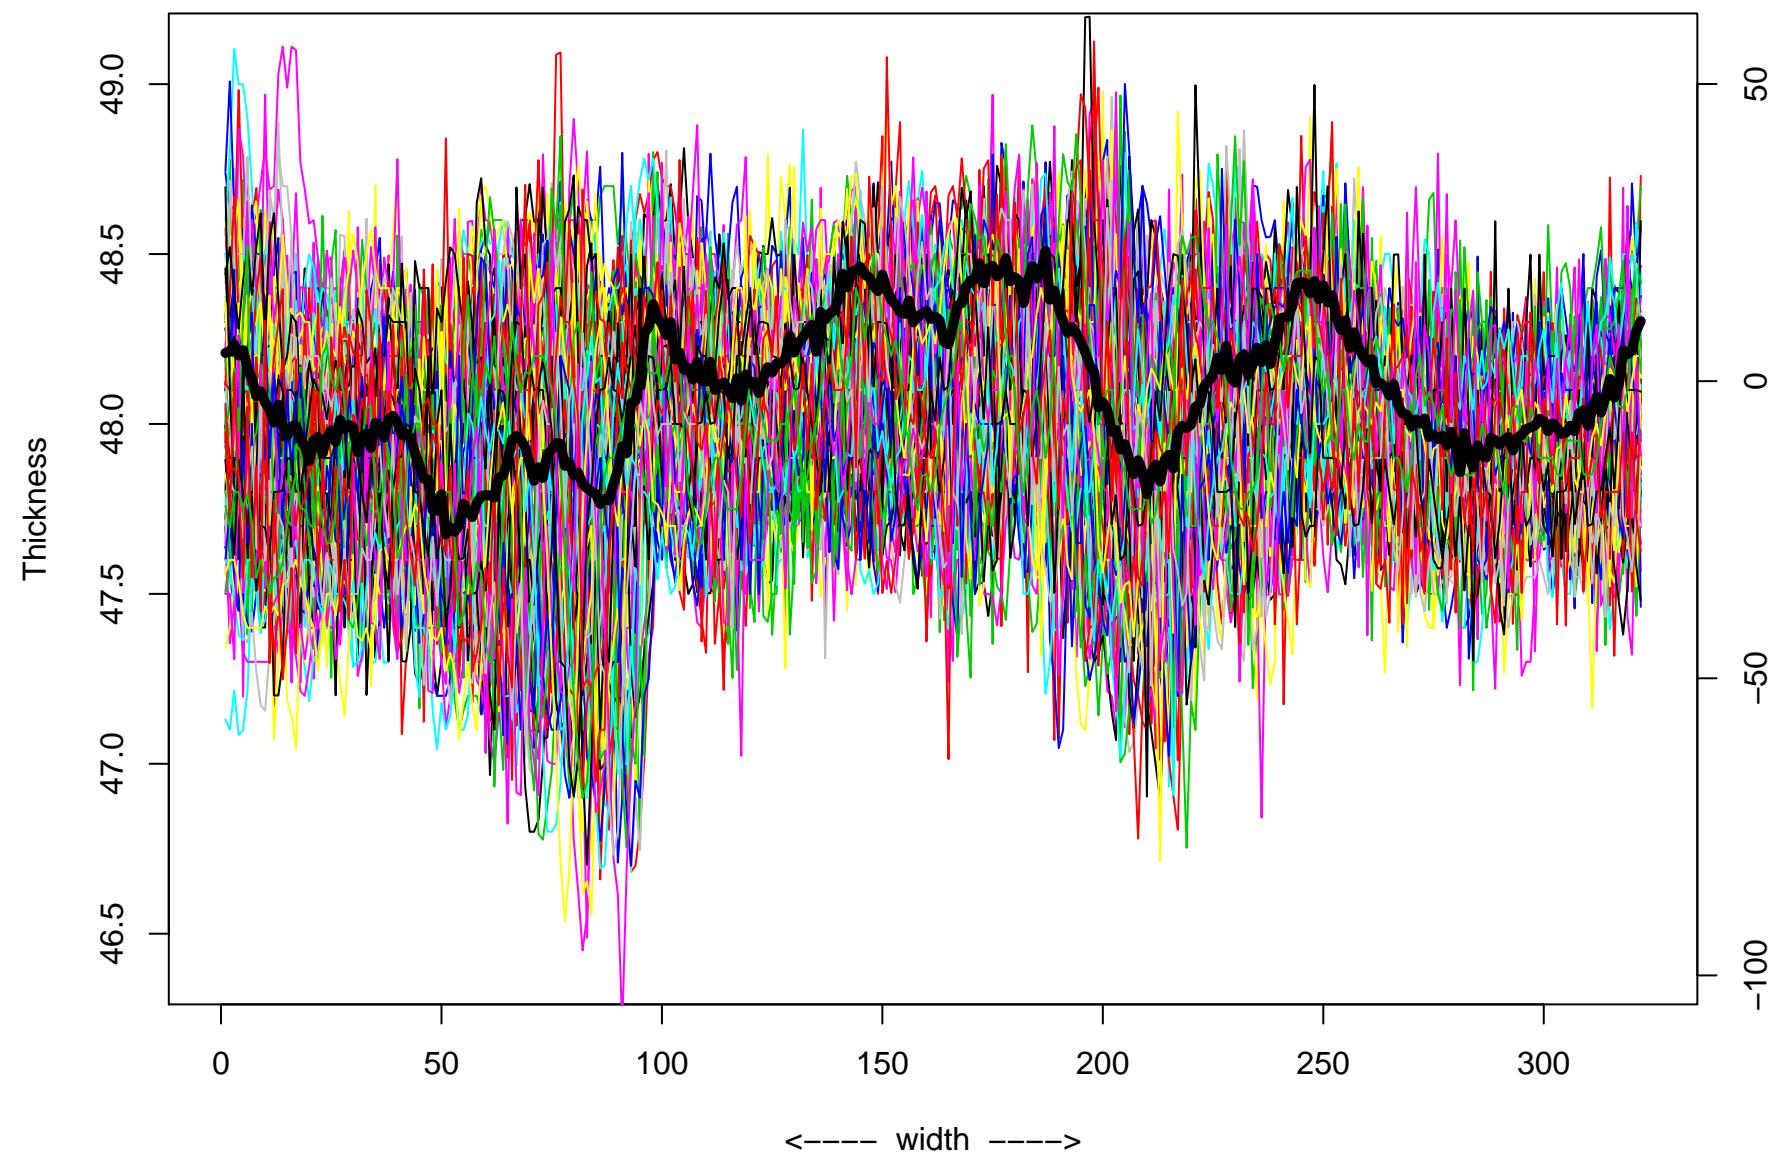

Oscillated thickness simulation result: oscWidth 240 and it SD is 11.6366210599498

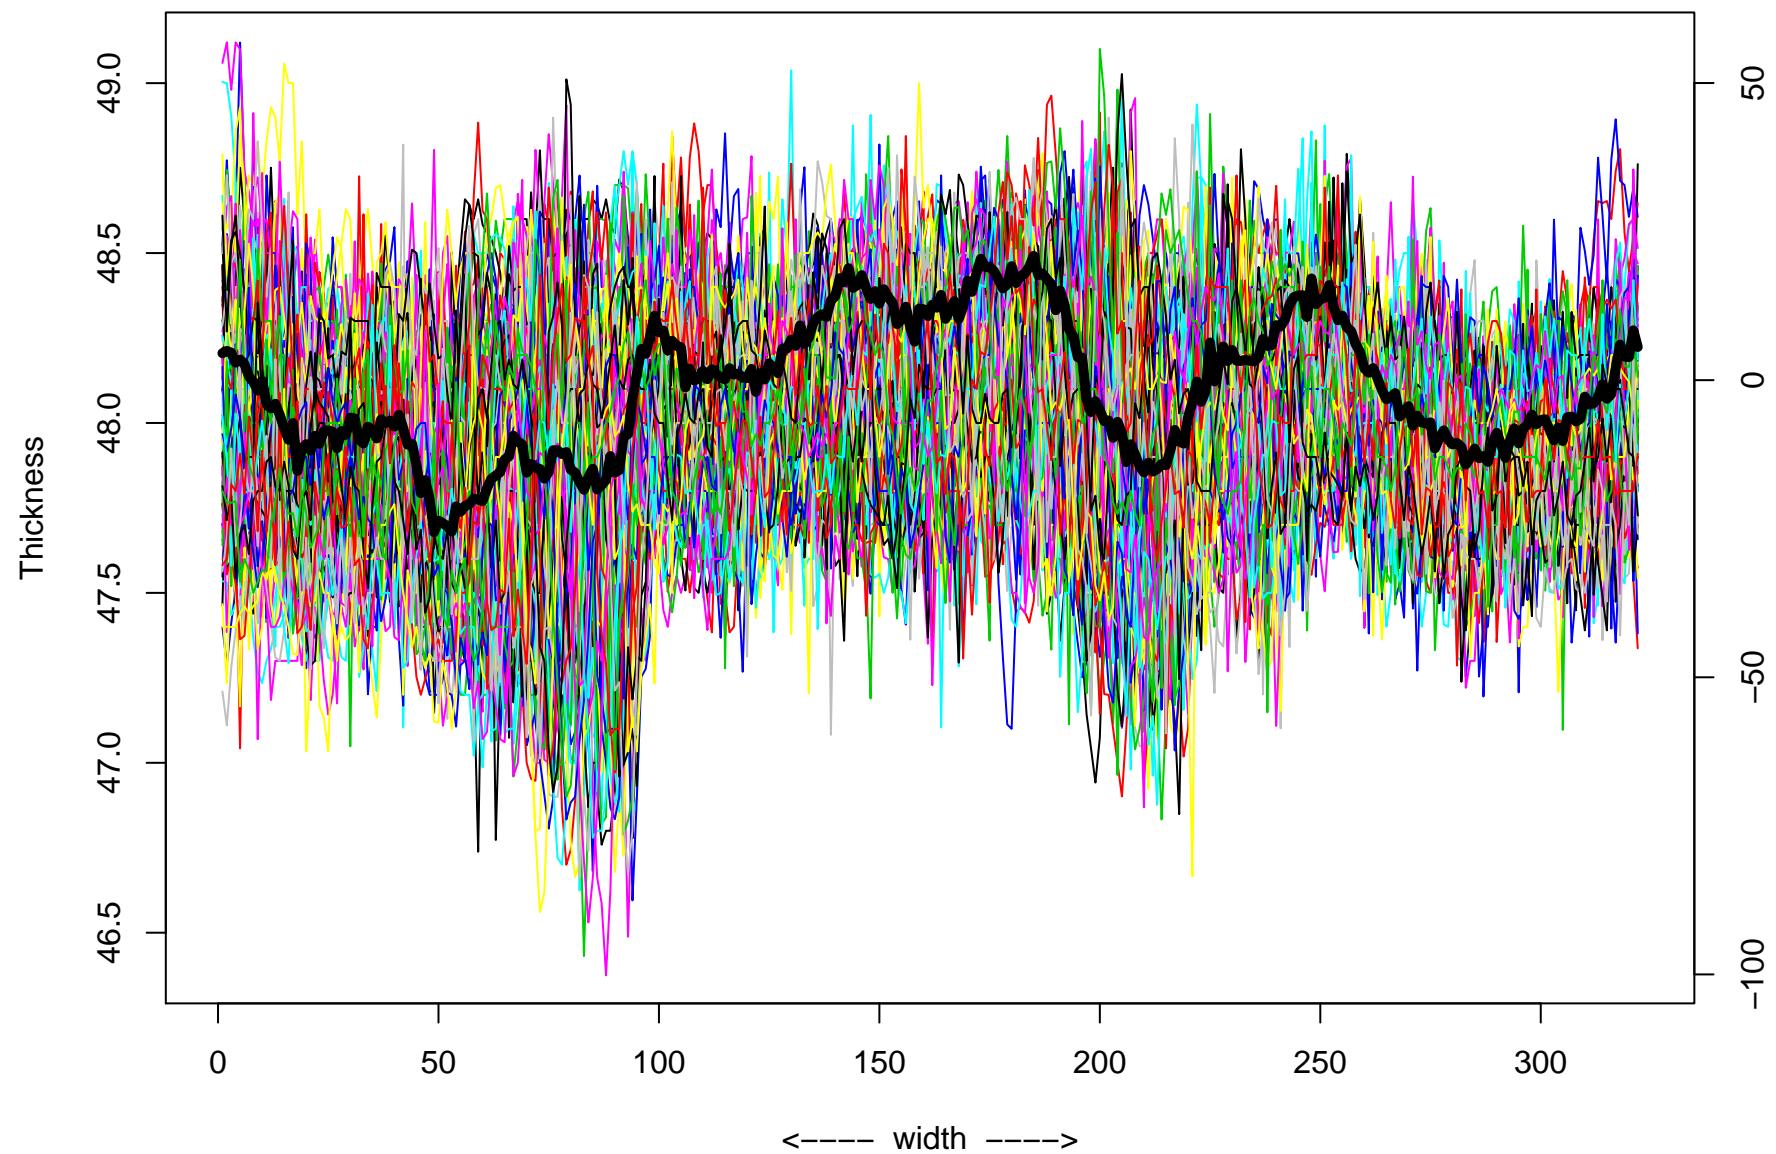

Oscillated thickness simulation result: oscWidth 250 and it SD is 11.6133648626872

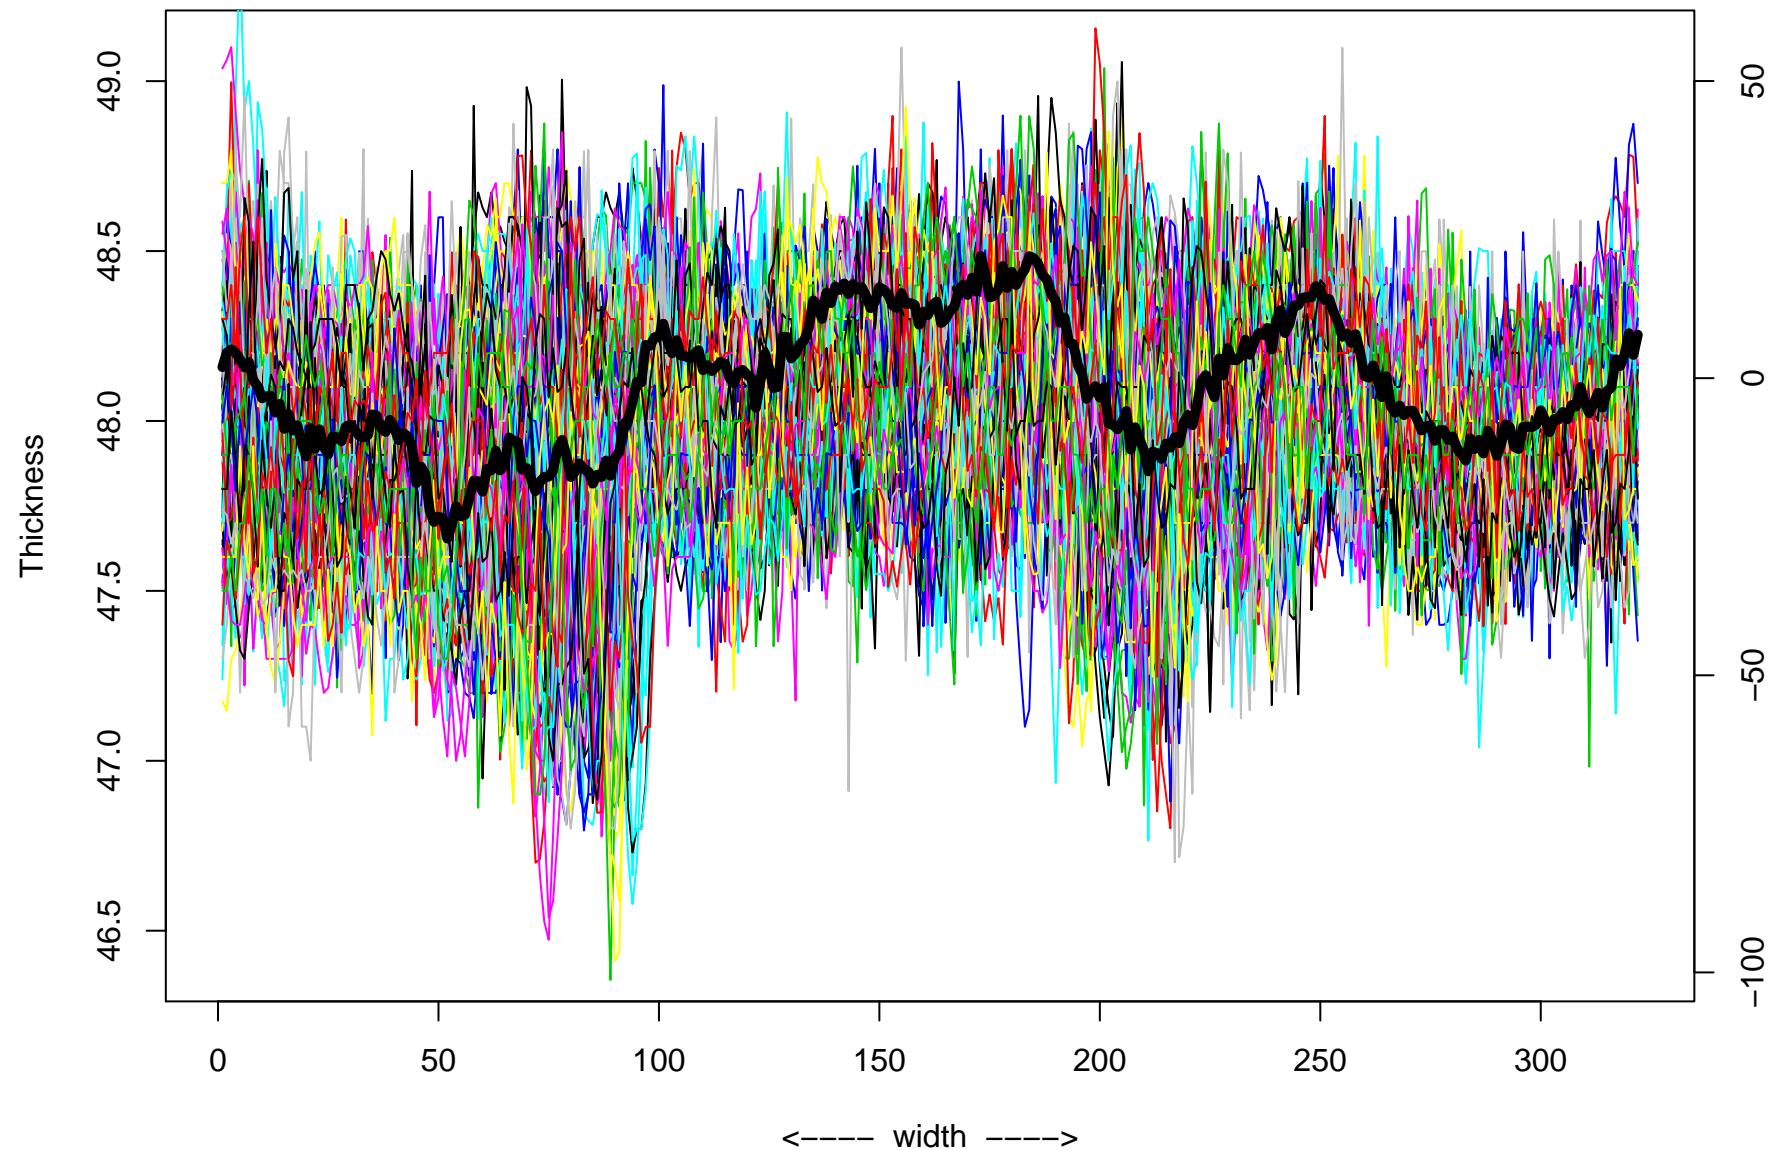

Oscillated thickness simulation result: oscWidth 260 and it SD is 11.431533433005

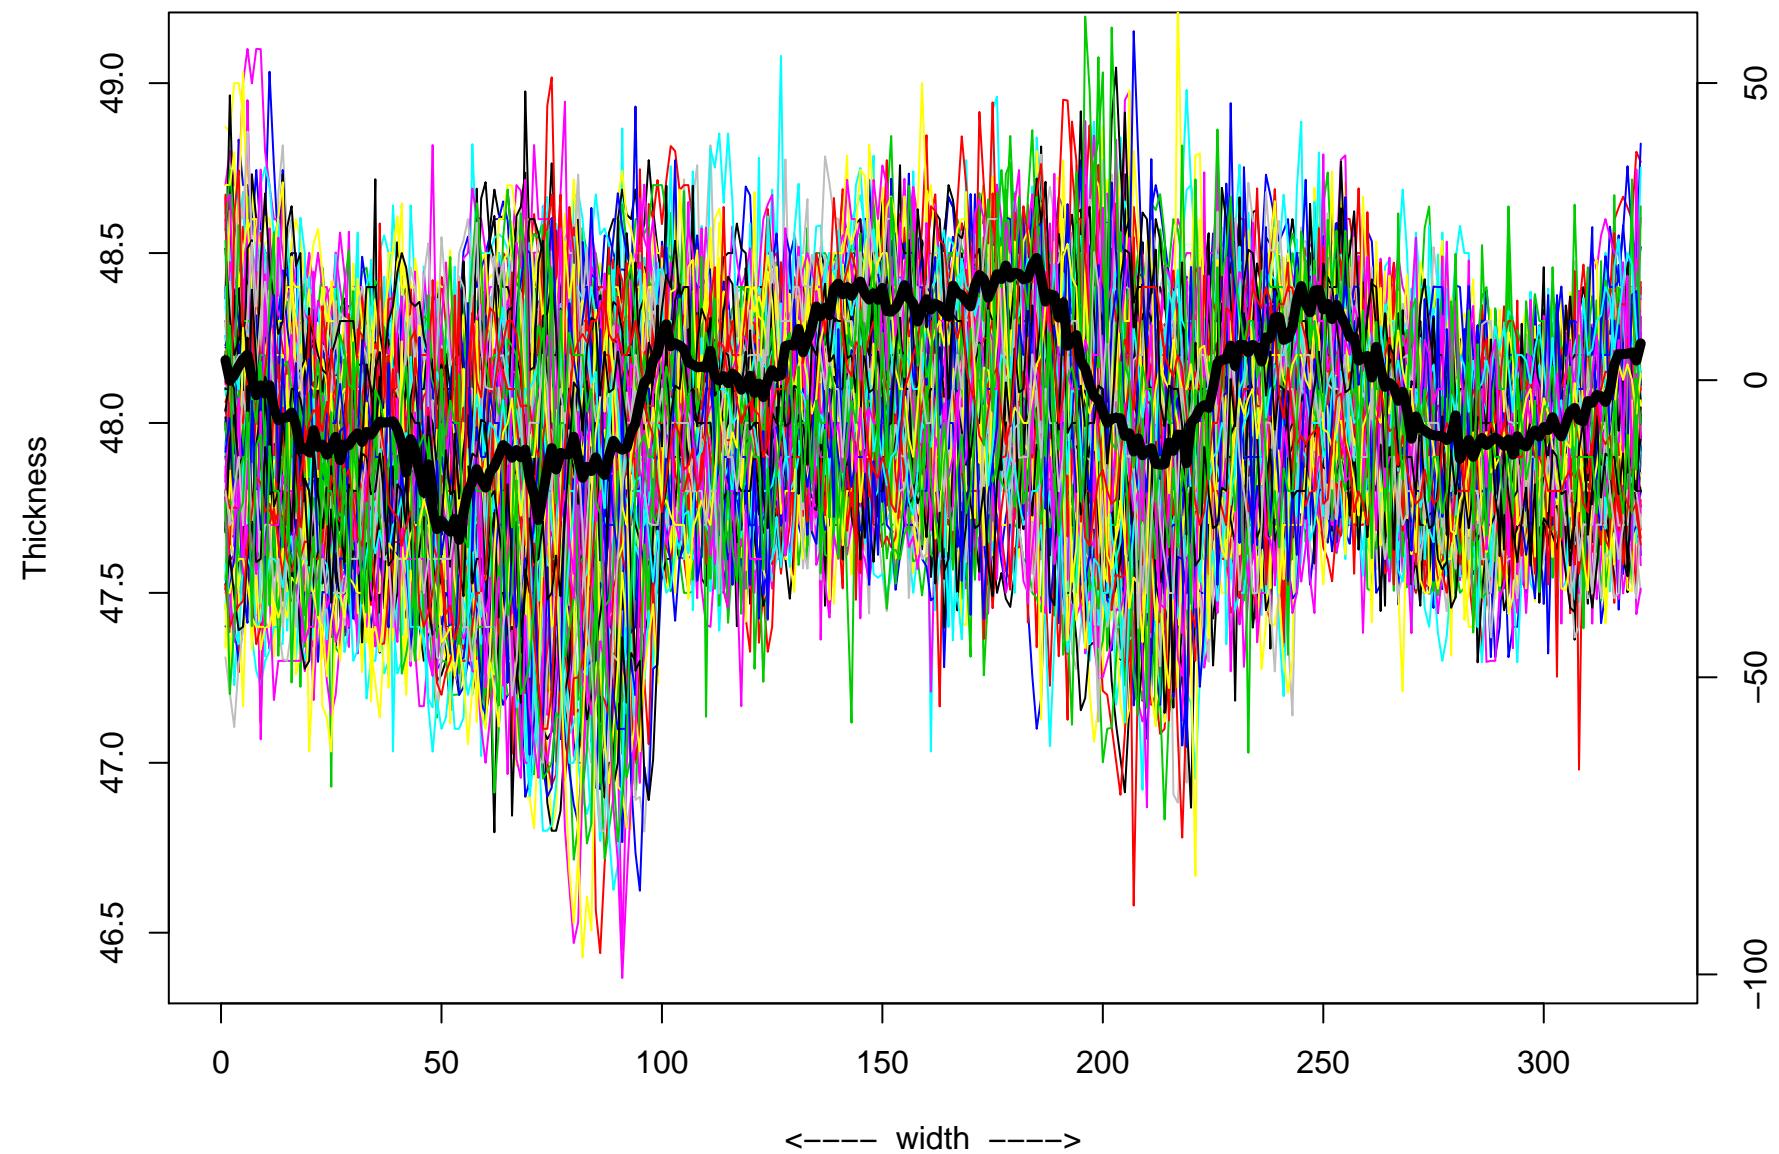

Oscillated thickness simulation result: oscWidth 270 and it SD is 11.2313655653899

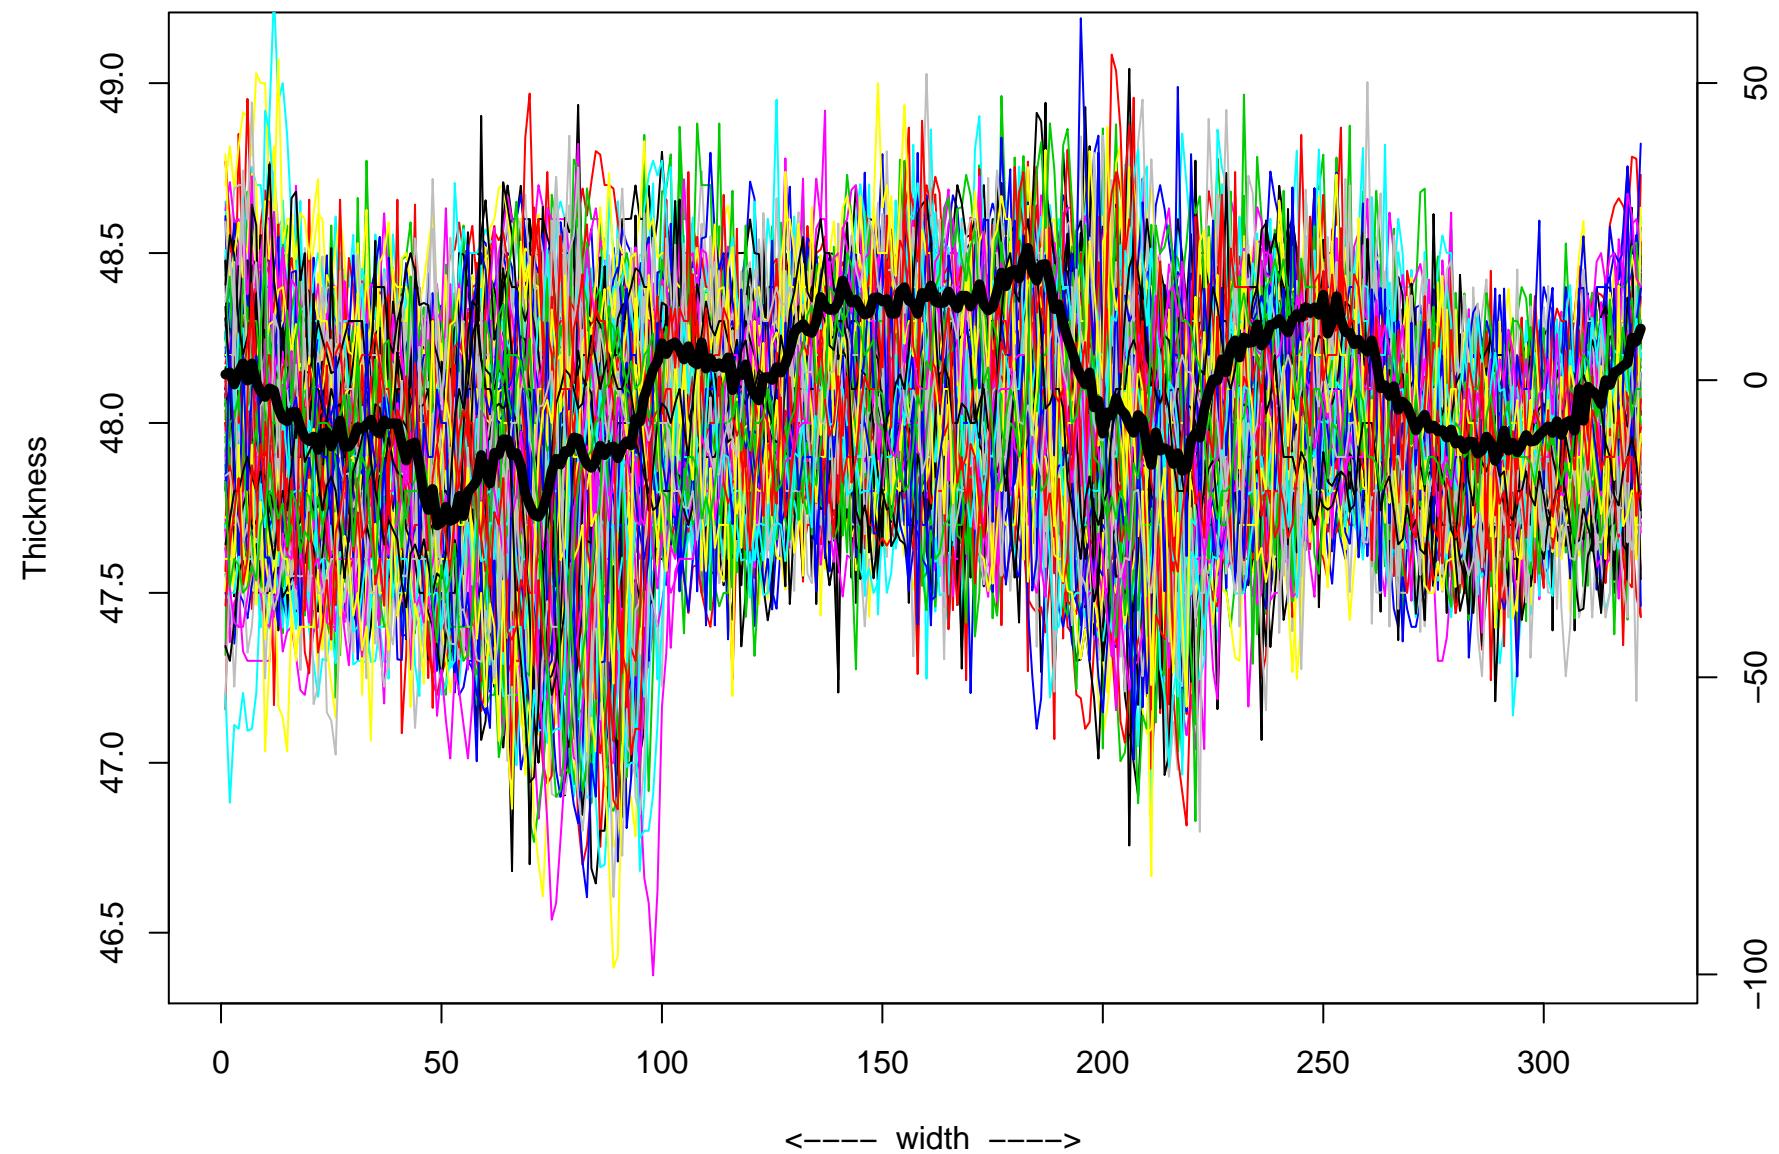

Oscillated thickness simulation result: oscWidth 280 and it SD is 10.9259758476964

Oscillated thickness simulation result: oscWidth 290 and it SD is 10.9349551808796

Oscillated thickness simulation result: oscWidth 300 and it SD is 10.7565697167022

SD Trend by oscillation from 10mm to 300mm by 10mm
